

SOVIET MOON ROCKET — This photo from a Soviet source shows visitors viewing the final stage of a Soviet moon rocket. The rocket is on display at the Academy of Sciences pavilion of the U.S.S.R. National Economy Achievements Exhibition in Moscow. (NEA Telephoto)

Reds Ease Demands On Secret Parleys

GENEVA (AP) — The Soviet Union has eased up on its demands that East and West Germany sit in on secret talks at the Big Four foreign ministers conference, informed sources said today. The Soviet maneuver had threatened serious delays in the talks.

Ready to Join Functions

Informants said the Soviets indicated a readiness to take part in social functions from which the Germans would be barred.

Haltermann Is General Chairman Of Feather Drive

W. Henry Haltermann, resident manager for Gulf Oil Corporation, will be general chairman of the Red Feather campaign of the Kingston Area Community Chest in September and October.

Haltermann was elected to the top campaign post Wednesday night at a meeting of the Chest's board of directors at the YWCA building. His name was placed in nomination by Robert L. Sabini, nominating committee chairman, and was seconded by John J. Schwenk, budget chairman.

Aids 10 Services
The drive, Kingston's biggest annual fund raising event, combines the yearly appeals of 10 community services.
The new general chairman has been active in the past three Red Feather campaigns, having served in various positions including director of promotion. He is a member and vice-president of the Chest's board of directors. Prior to coming to Kingston, he was active in Community Chest work at Tenafly, N. J.

Confident of Objectives
During World War 2, after service in the Navy, he was assigned to the Treasury Department and was Deputy State Administrator in the War Bond drive for the state of New Jersey. He is a member of the Oil Industry Information Committee, vice-president of United Cerebral Palsy of Ulster County, and president of the George Washington School Parent-Teachers Association. Mr. and Mrs. Haltermann and their four children reside at 299 Main Street.

In accepting the campaign chairmanship, Haltermann pointed to the importance of this once-a-year campaign for 10 separate local agencies, and said he was "confident we will meet our objectives." Agencies included in the drive are: Association of the Deaf, the

Residents Like Idea if N. Y. Fools Bill

Rockefeller Faces Selling Job on Plan For Fallout Shelters for All in State

ALBANY, N. Y. (AP) — Gov. Rockefeller will have to make a real sales pitch if he is to convince New Yorkers they must build fallout shelters at their own expense, an Associated Press survey showed today.

They would like the state to pay. A Rockefeller committee has called for a pay-it-yourself program, and the governor has said he would propose legislation along those lines. Full plans have not been drawn.

Had the governor said the state would foot the bill, home-owners would have gone along with the shelters, designed to protect them in the event of a nuclear attack.

But residents across the state were quick to react adversely to the "required" aspect—primarily

Says USSR Will Never Start War

Khrushchev Gives Pledge in Poland

SOSNOWIEC, Poland (AP) — Soviet Premier Nikita Khrushchev today pledged that the Soviet Union would never start a war against anyone, anywhere at any time.

He told a cheering throng of delegates at a meeting of miners unions in this Silesian industrial town: "I give you our solemn pledge that never, never, never shall we launch any war against any country anywhere at any time."

Weariness Missing
He said he did not believe capitalist countries would start war either, but claimed that was because the "balance of forces" is now overwhelmingly in favor of the Communists.

Khrushchev appeared dynamic and reinvigorated. All signs of weariness that marked his appearance during the first two days of his tour of Poland had disappeared after a night's sleep. He is 66.

Khrushchev spoke without either text or notes in an impromptu address after he canceled a scheduled visit to the Nazi extermination camp at Oswiecim.

Khrushchev began in conversational tone, discussing his own days as a miner. He could scarcely be heard, but when he intervened, "Now comrades we come to international affairs," it was as though a charge of electricity ran through him.

Sees Victory for Communism
He predicted inevitable victory for communism—with "struggles," but without war.
"I believe that as I believe the sun will rise tomorrow."

We want coexistence; we don't want war. We don't need war. Neither do the capitalist countries. When they thought they would win they wanted war, but

More Souvenir Books Received

Another shipment of the Kingston Souvenir book, published by the Kingston Committee for the Hudson-Champlain Celebration, has been received.

Requests for this historical publication have come from as far as Washington and many favorable reports about the fine editorial content have been received.

Copies may be purchased at the two O'Reilly Stationery stores, 38 John Street and 611 Broadway; at Winter's, 326 Wall Street; at the newstand in the Governor Clinton Hotel and at the office of the Kingston Area Chamber of Commerce.

The proceeds from the sale of the souvenir book will pay for the expenses to stage Empire State Day here on September 12 and the visit of Crown Princess Beatrix on September 18. No other solicitation of funds is contemplated by the Kingston Committee for the Hudson-Champlain Celebration.

The public and businesses are, therefore, invited to support the celebration by the purchase of the special souvenir books, which are destined to become collector's items in a very short period of time.

The foreign ministers scheduled another semipublic session today.

have from building contractors), opponents will be able to cry that the governor underestimated the cost.

Some persons with a fatalistic outlook don't ever worry about costs.

Said Mrs. John J. Morrow of Newburgh:

"If we are ever attacked by bombs of that nature (nuclear), we wouldn't have to worry about shelters. That would be it. Period."

Yet, the way Mayor John J. Burns of Binghamton sees it, "if, for example, New York City were bombed and the wind was blowing this way, we would all die of radiation unless we had some place to go."

A Hudson Valley resident "definitely in favor" of a shelter in this way, we would all die of radiation unless we had some place to go."

Knight Is Victor In Ontario Poll, \$1,364,065 Voted

Arthur P. Knight of West Hurley defeated Mrs. Edna Bishop of Shokan, the incumbent, 749 to 287, in the only contest in Wednesday's elections in the Ontario Central Schools District.

An IBM engineer, Knight campaigned vigorously for the five-year term. He said he would apply business management principles to his stewardship on the board.

Two other candidates—Philip Gordon of Phoenicia and Mrs. Bohumir Larys of Woodstock—were unopposed. Gordon, who has served several terms as president of the Board of Education, received 803 votes. A total of 795 votes were cast for Mrs. Larys.

Taxpayers approved the \$1,364,065 budget by a margin of 669 to 175. A total of 1,055 votes were cast.

\$10,000 Cash Prizes Ready For Exhibitors

Over \$10,000 in cash premiums can be earned by exhibitors at the Ulster County Fair here on August 19 and 20.

The premium lists are now available for all 10 departments and entries are limited to residents of Ulster County.

Because no admission is charged, the Ulster County Agricultural Society, sponsors of the fair, must rely upon the cooperation and gratis help of several agencies and many individuals.

The three departments of the Ulster County Extension Service, and the Kingston Area Chamber of Commerce, play a major roll in the conduct of the fair.

Lists Are Available
The extensive premium lists are prepared by and are available at the three departmental offices of the Extension Service. Premium lists for the Home-making Department are available at 220 Wall Street and lists for all other eight departments may be secured from the Agricultural Department of the Extension Service at 74 John Street. The 4-H Club premium lists are available at the 4-H Department Office also at 74 John Street.

The only income to conduct the Ulster County Fair is obtained from entry fees, commercial exhibits and a small charge for educational and other booths. Albert Kurdt, manager of the Kingston Area Chamber of Commerce, serves as secretary of the Ulster County Agricultural Society and as such has general supervision of the fair. Applications for commercial space are handled at the office of the Kingston Area Chamber of Commerce.

Exhibitors Desired
Last year \$9,416.75 was paid out in cash premiums to exhibitors at the Ulster County Fair.

Sergeant Saves Air Tank Plane Uses New Method To Retract Boom

By THE ASSOCIATED PRESS

ROME, N. Y. (AP) — A huge jet tanker circled for five hours over Griffiss Air Force Base unable to retract its fuel boom. It would be dangerous to land with it extended.

A sergeant ran a quick ground test on a new idea, then instructed the plane's crew.

To Become Routine

The idea worked, the plane landed safely, and Col. Bryson R. Bailey, wing commander, says the technique probably will become routine Air Force procedure.

The man who produced the answer Wednesday was Staff Sgt. George M. McCabe, boom-operator instructor of the 41st Air Refueling Squadron.

The Air Force did not reveal the answer, however.

The fuel boom is roughly equivalent to the hose from a gasoline pump, except that the boom is not flexible.

The crew of the KC135 tanker had struggled frantically trying to recover the boom. A cable had broken after the aircraft refueled another plane over Erie, Pa.

To land with the boom extended probably would mean sparks and perhaps an explosion.

Instructions After Test

McCabe tried out the idea on the base while the tanker circled the field. He took over radio contact with the aircraft and gave step-by-step instructions to T-Sgt. Julius H. Gerhke, crew chief, and Staff Sgt. Bobby Flynn, boom operator.

The boom was retracted and Capt. Wendell D. Olson, the pilot, set his ship down safely.

The Air Force was vague on the point, but apparently McCabe's idea had been considered by boom specialists but never tested.

The base said the procedure was a highly technical one and had not been cleared for publication.

Parents to Meet School Board at 8 On Bus Petition

A committee representing parents groups in the Hurley, Port Ewen, Chambers and Lake Katrine sectors will appear before the Kingston Board of Education (Consolidated) tonight at 8 o'clock, to present views of those asking for a liberalization of the school bus program.

The committee of six or eight persons represent parents groups interested in liberalizing the present school bus policy which has limitations of one and two miles for providing transportation for pupils beginning next fall.

Dr. Earl F. Soper, superintendent, will preside.

(Continued on Page 14, Col. 2)

PICKET STEEL PLANT — Smoke stacks in the background are without their customary black smoke as striking steelworkers picket the southside plant of Jones and Laughlin Steel Company in Pittsburgh. The strike cut off over 90 per cent of the nation's steel production. (NEA Telephoto)

Paving, Stockade, Contracts on Slate

A city bid for asphaltic concrete instead of reinforced concrete pavement in the city's traffic interchange area of the arterial route system was left with Mayor Edwin F. Radel at Wednesday's Board of Public Works meeting for further discussion and study with state men.

A prior decision on installation and maintenance of street lights in the area was reaffirmed and eight bids for contracts to collect garbage over three city routes was left in committee for tabulation.

Would Build 'Stockade'
Left also with the mayor along with City Engineer Arthur F. Hallinan and Charles J. Coie, public works superintendent, was a bid for erection of simulated portions of the 1658 stockade built around the uptown section then known as Wiltwyck.

It came from Albert Kurdt, chairman of the Kingston Committee for the Hudson-Champlain Celebration in behalf of the Uptown Businessmen's Association, and would be part of the city's participation in New York State's Year of History.

Sections of the stockade would be erected on Wall Street near the Old Dutch Church, on North Front near Green Street and on Clinton Avenue near Main Street. It was noted that the association would carry insurance to protect the city, and it is planned to let the three sections remain in place until next Jan. 1.

Seen Advantageous

Mrs. Mary Lasher Wins Saugerties B of E Contest

Mrs. Mary Lasher of Saxton defeated Perry Bunyar of Simmons Park for the only contested seat of Saugerties Board of Education in the Wednesday school district elections, held at Main Street School building. There were 847 ballots cast.

Kenneth Beadle, incumbent, and Steven Stykos, both of the village, and running unopposed, were also elected.

In one of the most hotly contested school elections in years, Mrs. Lasher with 504 votes topped her opponent by 185. Bunyar received 321 votes. Balloting was by voting machines.

Beadle received 617 and Stykos 623.

The newly elected members will be seated at the organizational meeting of the board 8 o'clock tonight at the board meeting rooms, Hill Street. Officers of the board will be chosen and appointments announced.

Mrs. Lasher, incumbent, was endorsed by the School Interest Committee which sought her election in order to assure equal geographical representation in accordance with a "gentlemen's agreement" generally observed since the centralization of the Saugerties schools. Bunyar's election would have provided another representative from former District 10 which includes all village members of the board.

Stykos ran for the post vacated by Milton Armstrong who did not seek reelection.

Jobless Claims on Decline

More Working in Kingston Area in May, June of '59

Unemployment in the City of Kingston and the Saugerties and Ellenville sectors, dropped sharply during May and June and the first week in July, below the unemployment total listed during the same period in 1958, according to the local office of the State Unemployment Insurance department.

A spokesman at the Kingston office stated that unemployment benefit claims filed at the office continue on the decline.

A total of 1,885 claims for unemployment benefits were reported here for the month of May, 1958, compared with a total of

Talks Are To Resume On Monday 20,000 in Allied Fields Are Idled

PITTSBURGH (AP) — Top officers of the United Steelworkers of America set off today for a tour of mill towns to fill in rank-and-file members on the two-day-old steel strike.

There was no indication of an early break in the walkout of 500,000 steelworkers. As union and management marked time, the walkout spawned growing unemployment in other areas of the nation's economy.

To Tour Areas
President David J. McDonald of the USW planned to tour Bethlehem, Pa.; Trenton, N.J.; Philadelphia and other steel areas during the weekend.

Vice President Howard R. Hauge was scheduled to visit Chicago and Calumet, Ill., and Gary, Ind. Secretary-Treasurer I. W. Abel concentrated on the Pittsburgh area.

R. Conrad Cooper, industry's chief negotiator, planned a short rest before a meeting in New York of the Federal Mediation and Conciliation Service.

Two Sessions Set
Industry's top negotiators will meet with Finnegan Monday morning with the union scheduled to meet with him in the afternoon.

Patches of unemployment have sprung up and will grow daily in such allied industries as rail, coal, truck, inland water shipping, iron ore mining and processing.

No Easy Solution
Roughly 20,000 or more workers in these industries have been idled.

Those idled in allied industries include about 10,000 railroaders, 3,700 Great Lakes seamen, 5,000 coal miners and nearly 2,000 in truck company employees.

Joseph Finnegan, director of the Federal Mediation and Conciliation Service, summed up the deadlock situation when he stated: "I don't think it's susceptible to easy or early solution."

At the direction of President Eisenhower, Finnegan had met separately with both sides in New York to explore their positions. He said afterward he plans no formal peace moves until Monday.

Earlier, the union proposed — and the industry rejected — a plan to submit disputed issues to a three-man fact-finding board. The industry said the facts already are well known.

Wages, Benefits Keys
Basically, the union seeks increased wages and improved fringe benefits, contending the steel industry can afford it. The industry says that to grant the demands would be inflationary; it must hold the line on production costs, also have more leeway in effecting operation economies.

Steelworkers had been averaging \$3.10 an hour. Their old three- (Continued on Page 14, Col. 2)

Dates Are Listed For Polio Clinics

Polio clinics for Salk vaccine inoculations are scheduled throughout the county as follows:

Tonight 7 to 9 p. m., St. Mary's School Hall, Cedar Street, Saugerties, and 7 to 10 p. m. in Marlborough Town Clerk's Office.

Saturday 8 to 12 noon, Olive Firehouse.

Clinics for second shots are scheduled as follows:

Saturday, July 25 at Allaben, and Wednesday, July 22 at Marlboro. Time and place will be announced.

TRIPLETS DOING WELL in their first week of life at Kingston Hospital where they were born July 11 to Mr. and Mrs. Harry Ricketson, RD 2, Box 560, Saugerties, are Janice, three pounds, 14½ ounces; Janet, four pounds and

Jeanette, three pounds. The nurse is Sandra Anderson. Jeanette arrived first in this world at 9:34 p. m., and Janet was last at 10:14 p. m. They were delivered by Dr. Herman Ash of Saugerties. (Freeman photo).

92nd Operation Is Due for First Radiation Victim

CHICAGO (AP)—He lies there, a wreck of a man after 64 years of pain and 91 operations, one of the first victims of radiation. He speaks from only half a mouth, and his words were sometimes bitter. The operations also have claimed his left hand, most of his nose, his upper lips and parts of his cheek and jaw. He asks, "Why should I, an innocent individual, have to suffer like this? For 64 years I have known pain."

The white-haired man is Dr. Emil H. Grubbe, 84, credited by medical science with being the first to apply radiation in an attempt to cure cancer. Friday, he is scheduled to undergo his 92nd operation for radiation burns and cancer resulting from some of his experiments. Doctors say they probably will have to remove two fingers from his right hand.

Dr. Grubbe gave a rare news conference Wednesday in Swedish Covenant Hospital.

"I was the first one burned by radiation," he said. He told of how in 1895, as a physicist, he worked on the manufacture of plutonium vacuum tubes called Crookes tubes, used to rarify gases.

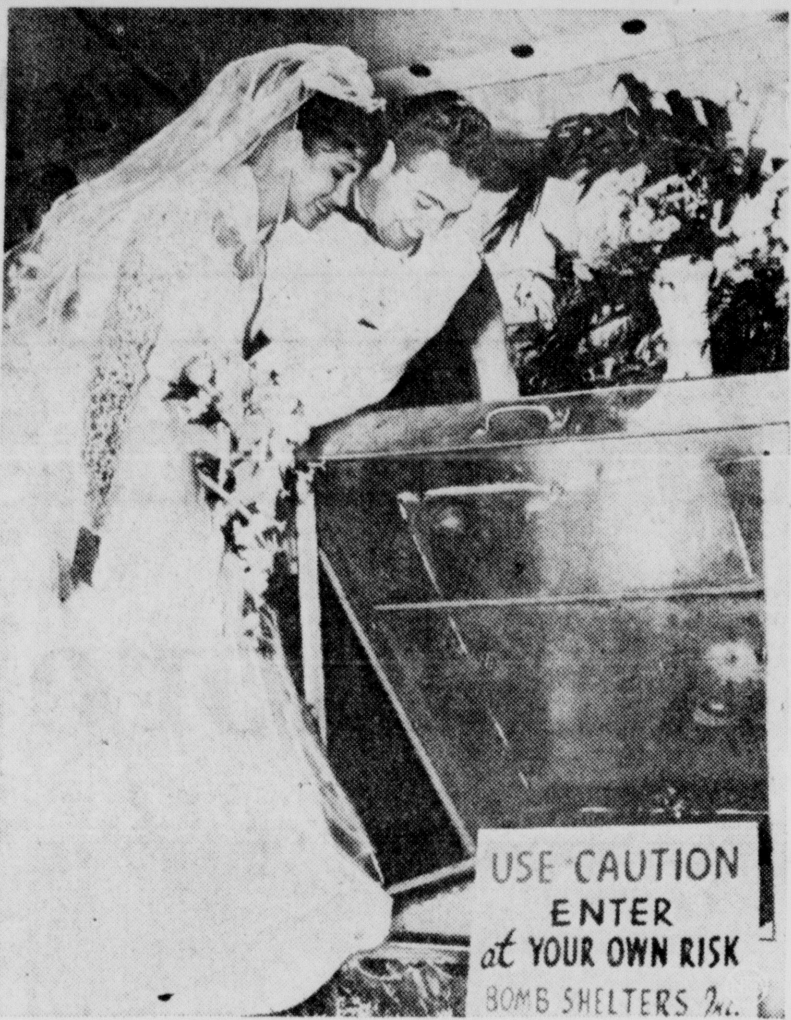

Many times he touched the tubes or brought them near his face, not knowing of the danger. An irritation appeared on his hand, but he didn't know what it was.

Then on Nov. 8, 1895 the discovery of X-rays was announced by Wilhelm Roentgen.

"I knew then I had been burned by X-rays," Dr. Grubbe said. "They were produced in the Crookes tubes. From that day on I protected myself from the rays. But it was too late."

Six months later he had his first operation for radiation burns.

In the meantime, Dr. Grubbe, on Jan. 26, 1896, began treating a woman afflicted with breast cancer by exposing her to X-rays. The pain left her shortly. Since then he has instructed more than 7,000 doctors in radiology techni-

LOVE IN A SHELTER—Mr. and Mrs. Melvin M. Mininson are the nation's first bomb-shelter honeymooners. Mininson, 28, and his bride, Maria Rodriguez, 27, of Tampa, Fla., peer into the hatch of their 14x8x7-foot steel and concrete bower in Miami. They hope to spend two weeks in it to publicize shelters and civil defense. If they stick it out, they get a second honeymoon in Jamaica from sponsors of the stunt.

Orange and Rockland Get Power Rate Hike

ALBANY, N. Y. (AP)—Orange and Rockland Utilities Inc. gained permission today to increase its electricity rates by about \$458,000 a year, effective July 27.

The Public Service Commission, which approved the utility's new tariff, said a uniform rate structure would be imposed for residential customers.

Some charges will be raised and some reduced. However, the PSC

said, there will be an average increase of about 5 per cent.

The company serves about 76,900 customers in Orange and Rockland counties.

Interfaith Bill Voted

WASHINGTON (AP)—The Senate passed and sent to the House Wednesday a resolution to designate the fourth Sunday of each September as Interfaith Day.

Sen. Kenneth B. Keating (R-NY) is the sponsor.

Order Is Given Against Passing Tax to Customers

ALBANY, N. Y. (AP)—Consolidated Edison Co. was ordered today to hold up its plan for passing along a \$4,571,700 tax increase to its customers in New York City.

The company planned to tack the increase onto bills of its electricity, gas and steam customers beginning Aug. 3.

However, the Public Service Commission suspended the plan pending hearings. Dates for the hearings will be set later.

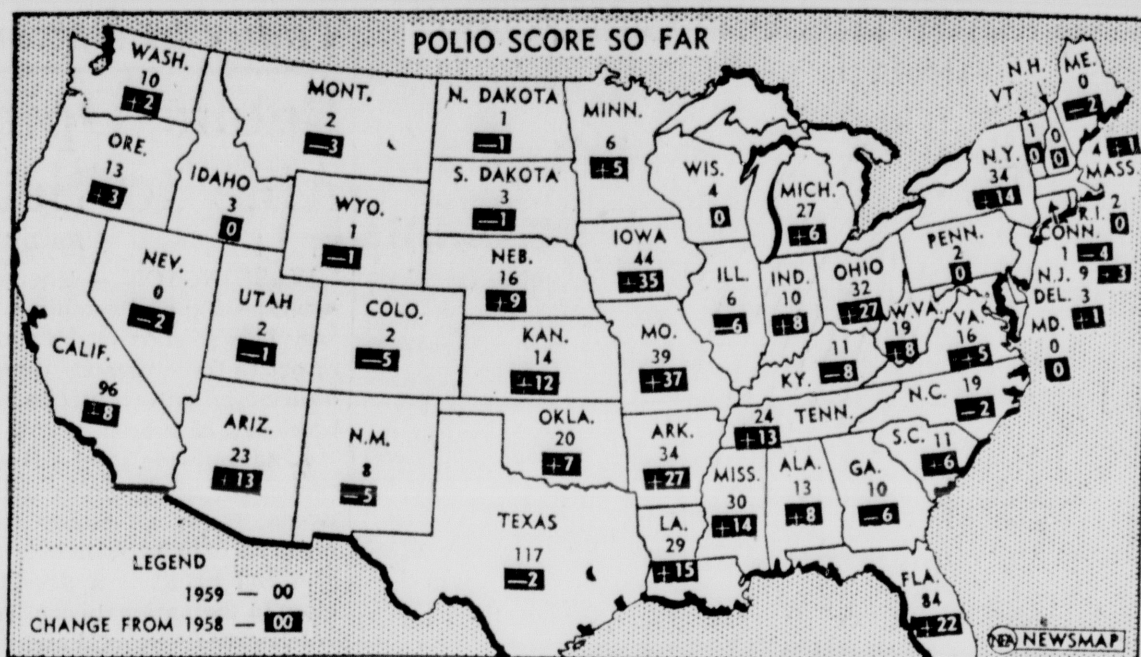

The \$4,571,700 represents the amount the company will have to pay New York City in additional excise taxes for the year that began July 1. Beginning this month, the city increased its tax on the company's billings from one to two per cent.

Consolidated Edison complained that its earnings were not sufficient to absorb the additional tax. It proposed to raise its rates one per cent to compensate for the tax loss.

Electricity rates would have been raised \$3,625,300 a year and gas and steam rates a total of \$946,400.

Although the company provides electric service in most of Westchester County, consumers living in the county would not be affected because the tax increase was imposed only by New York City.

The increase was authorized by state legislation passed last winter and signed by Gov. Rockefeller. The New York City Council then voted to impose it.

POLIO CASES INCREASE—Newsmap shows cases of paralytic polio reported for each state in the first 25 weeks of 1959. The top figures represent cases reported this year and the bottom numbers show either an increase or decrease for the same period of 1958. For the first 25 weeks of this year, a total of 862 cases have been reported compared to 650 for 1958. Not shown on the map, but included in the total figures, are cases reported in the District of Columbia (none this year, one in 1958), Alaska (0-1), Hawaii (4-23) and Puerto Rico (3-39). Health authorities are urging that polio shots be taken to reverse this trend.

Labor, Welfare Bill Discussion Is Slated Tuesday

WASHINGTON (AP)—Senate and House conferees are to meet again next Tuesday to see if they can iron out their differences over legislation that would provide four billion dollars to run the Labor and Welfare departments.

The Senate version of the bill includes an appropriation of \$50,000 to finance a pilot study by the U. S. Public Health Service of the effect of radioactive rock outpourings on unborn babies.

The New York State Health Department released the results of such a study earlier this year. The department said it found a relationship between radioactive rock and malformations in babies.

The conferees could not agree on various items during a meeting Wednesday.

Closing Railroad

MARCELLUS, N. Y. (AP)—A three-mile-long railroad, one of the nation's smallest, is going out of business.

The Marcellus and Otisco Lake Railroad has operated for 59 years serving a barley mill in this Onondaga County community.

The mill shut down recently and the A. V. Smith Co., which owned the mill and railroad, has decided to close the one-engine line.

Braun Assumes Old Dutch Duties

David Braun of Delmar, a student at the Theological School of Drew University, Madison, N. J., has begun his duties as seminary associate at Old Dutch Church, it was announced today by Russell Edwards, senior elder.

Braun will complete a 14-month tenure at the local church before returning to Drew for his final year of seminary.

He was ordained a deacon in the Methodist Church last spring in the Troy Conference and plans to enter the pastoral ministry after receiving his BD degree from Drew in 1961.

His work at the Old Dutch Church includes duties with the older youth groups and various educational classes.

He was born in Albany, has lived in Plattsburgh and now calls Delmar his home.

Braun attended Bethlehem Central School in Delmar, Duke University, 1952-56, the Divinity School of the University of Chicago, 1956-57, and the Theological School of Drew University, 1957-59.

In reply to a query as to interests, he says he loves to read, likes high fidelity music and "cooking."

Braun preached at the drive-in services at the 9W Drive-In Theatre July 5. He will also preach at services at 8:45 a. m. and 11 a. m. Sunday, August 30.

India produces more than one-half billion pounds of tea annually.

THE MONEY TREE

The argument among leading Democrats as to what Congress should or should not do seems, on the surface, to concern measures described as progressive.

Actually, it involves money, and where to get it.

The so-called progressive proposals call for heavy outlays for airports, urban renewal, schools, health and other matters.

The supporters of these programs think the Democratic leadership in Congress should dare the President's veto by passing them, and thus letting the country know what sort of action they favor.

This may appear to have substantial political advantages. But it also has a major political handicap.

The backers of the progressive programs do not include any plan for financing these measures. They would be like laws passed without "enabling" clauses.

In the absence of any specific financing, the government would, of course, have to pay for the proposals out of heavy borrowings which would add materially to future deficit prospects. The alternative, higher taxes to pay the freight, is not even mentioned.

The mood of the nation, in this time of a rising economy, seems to be against either new taxes or further additions to the deficit. Both Mr. Eisenhower and the moderate Democratic leadership of the House and Senate are responding to this mood by trimming or blocking heavy expenditures and trying to keep the budget within tight-reinbounds.

Those who favor heavier expenditures to further their progressive aims would seem to have a responsibility to show the voters exactly how these proposals are to be paid for. It is hardly fair for them to offer people the moon, unless the bill is attached.

Promises of great social and economic advances are not sober pledges when they leave out of account the effect on the taxpayer's pocketbook. He may in any given situation be willing to pay the price, either through inflation or higher taxes, but at least he should know what it is.

He should not be deluded into imagining he can enjoy major gains at no cost to himself. The current vocal supporters of so-called progressive legislation have not yet shown that they understand the need to be utterly candid on this important point.

WAITING IS FOOLISH

One of the nation's large drug laboratories has announced that it plans to manufacture, perhaps beginning as early as next fall, a new type of live virus poliomyelitis vaccine which is taken by mouth. Its announcement runs counter to Surgeon General Leroy H. Burney's statement that licensing of live polio vaccine for use in this country is probably "several years" off.

Vaccines using live virus rather than dead virus as in the case of the Salk vaccine have been tested rather widely in other countries. Scientists working for the drug firm mentioned above seem confident that the results of tests already made and in progress will justify early licensing of its vaccine.

The matter is of general interest because the orally-taken vaccine will make possible easier, and perhaps more effective, protection against polio. In a sense, however, the question of when live vaccines are going to be licensed is not of immediate practical importance. A more important question is this: When are the millions of Americans who have not yet received the polio protection now available going to get it?

Waiting around for oral vaccine, on the thesis that it may be better and will certainly be easier to take, makes very little sense. The Salk vaccine has proved itself to be both safe and highly effective. Young Americans who put off getting Salk shots, or fail to see that their children get them, are tempting fate. Once the disease has struck, no amount of vaccine, oral or otherwise, will help.

'These Days'

By GEORGE E. SOKOLSKY

KOZLOV'S BEEN HERE

Great men from many countries pass through the port of New York day in and day out. Most of them attend to their own business and occasionally are interviewed by the press, but not often. Sometimes there is such a thing as a state visit, when a king or queen or the president of a country shows up; then there is a ticker-tape parade and the mayor gives a luncheon at the Waldorf-Astoria and that is that.

However, let a Russian come to town and all business stops. Everybody is ordered by the State Department to get busy entertaining the Russian and to be careful not to offend the creature, lest he get angry and tell Khrushchev on us!

When Anastas Mikoyan kind of sneaked into New York as a tourist, the preparations were so secret that only a few hundred people knew about them. When he switched from a tourist to an official, all the formalities were readied for him and a group of businessmen had prepared expensive but private banquets for him all over the United States.

Mikoyan, being an Armenian, has a lighter touch than Kozlov, who is a heavy Russian peasant type. Mikoyan's sense of humor was attractive; Kozlov angers too quickly and an angry man often talks too much. Kozlov talked too much and beyond his knowledge on several occasions, particularly when he blithely announced that Russia had paid in gold for the aid we gave its hungry people in the early 1920's.

When Kozlov said that, he lied and the record of his lie is in correspondence between Herbert Hoover and the leaders of Russia at that time. A smart man would have been thoroughly briefed on Russo-American relations before he came to this country.

Also when Kozlov got into his argument with Governor "Soapy" Williams, he, Kozlov, talked like a fool. Again he should have been better briefed. A governor of Michigan, if he knew anything at all, would be well-informed about such countries as Poland and Hungary. Hamtramck, a city within a city in Detroit, probably has the greatest concentration of people of Polish blood anywhere in the world outside of Warsaw. It is, indeed, a Little Poland. A Michigan politician would have a pretty clear idea of what Poles in the United States think.

Although people of Hungarian extraction are not as numerous as the Poles in Michigan, they are a large segment of Governor Williams' constituency. From the Poles, the Hungarians, the Rumanians and the Finns in Michigan, Governor Williams has heard plenty about the doings of Soviet Russia in those countries. Kozlov so lost his temper during his discussion with Williams that the conversation became rude.

But he got no quarter from Admiral Hyman Rickover, who welcomed him at the Shippingport (Pa.) atomic power station. Rickover has yet to discover the gentle art of diplomatic palaver. He says what he has to say, straight to the point and usually has had his way because he asks for little enough for himself.

It was stupid of Kozlov to attempt to downgrade Rickover by telling him that such a man as the admiral would be president or vice president of the Academy of Sciences in Russia—the job that pays the highest salary in that country—\$360,000 a year, which if you live in Russia, is a lot of dough. Rickover holds several jobs but only gets the salary of a vice admiral which is small enough.

As the story was reported: "Admiral Rickover expressed surprise at Mr. Kozlov's reference to payment, and asked: 'Is Mr. Kozlov interested in money?'"

"Everybody needs money," Mr. Kozlov replied. "We need to live and for that we have to buy food and clothes ourselves and to buy the many other things that you people buy too."

To tell that to Rickover, who in private industry could earn whatever he chose to demand but who prefers to stay in the Navy and serve his country, is to disclose the spiritual poverty of Communist logic.

When Kozlov got busy with his peace propaganda, Admiral Rickover said to him: "It's all right to talk about peace. Now you go home and do something about it."

Kozlov may have learned something on this trip. When the next Russian shows up, we might treat him like a human being instead of a curiosity—and leave him to his own devices. (Copyright, 1959, King Features Syndicate, Inc.)

★ Your Child's Health ★

Operations Can Correct Children's Mouth Defects

By EDWIN P. JORDAN, M.D.
Written for NEA Service

Many prominent and successful people have been born with a split upper lip or a gap in the structures at the roof of the mouth. The first condition is called harelip and the latter cleft palate. The two often occur together.

These conditions fall in the group of what are called congenital defects. It seems likely that they are the result of some injury before birth rather than being truly hereditary disorders.

The studies, which show that German measles in the mother during the first three months of pregnancy predispose to congenital defects, throw some light on how this kind of thing could work. Also, stress during pregnancy has come under suspicion.

Naturally it is a shock to the parents to have a child born with a harelip or cleft palate. But they should not be too discouraged. Surgery can help not only in the appearance, but also in forestalling the speech difficulties which are a serious part of the condition.

The nature of the operation needed should be planned early. Some prefer to operate while the child is quite young, as this may avoid some of the speech and other difficulties which would be encountered by postponing treatment.

Others favor surgery at about 4 years old. Either way there are questions of postoperative care, speech training and dental adjustments to mention the two which are probably most important.

From the standpoint of appearance as well as that of speech, the best possible correction of harelip or cleft palate is important. Methods of doing this have been greatly improved. For example, three plastic surgeons recently reported that they were "greatly encouraged" by the results of a two-stage operation.

Children are even more sensitive about how they look than grownups. A child with a "different" looking face can develop all sorts of complexes, especially excessive shyness. It is wise, therefore, to make the lip look as normal as possible early in life. Also the parents should be aware of the psychological difficulties faced by the child.

The youngster should be helped to meet any thoughtless or cruel remarks of playmates by not taking them too seriously and fighting any tendency to become too indrawn or too aggressive. Overprotection—spoiling—on the part of parents can be as harmful as neglect!

With modern surgery and intelligent understanding, the youngster with a birth defect of this sort can readily surmount the obstacles he or she faces.

Such children need not fear a life which will be "different" from that of others.

Fidel Castro's government associates have his promise to talk less and work more. He didn't get that formula from observing American politicians.

"They'll Never Believe Me If This One Gets Away"

Washington News

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON — (NEA) —

The Department of Defense is now preparing to send a new military evaluation team into Laos to see if this country has overburdened the little kingdom militarily.

This is one reaction to Rep. Porter Hardy (D-Va.) and his Subcommittee on Government Operations which criticized the daylight out of the U. S. foreign aid program in Laos. The general complaint was that there has been graft and inefficiency in the worst "ugly American" style.

This is the popular story everyone wants to hear now. But in the case of Laos, a case can be made that the U. S. foreign aid program there has probably kept the country intact, in spite of mistakes.

The five-year cost of this program has been about 200 million dollars. The question is, was it worth it?

THERE HAS BEEN A U. S. AID MISSION in Laos since January, 1955, after the end of the Indochina war.

When the Americans first went in, Mission Chief Carter de Paul had to type out his own cables to Washington. His deputy rode them over to the cable office on his bike. The four-man mission, managing a 40-million-dollar-a-year program, had to live in tents.

Conditions could not have been worse. The new kingdom had two million people in an area the size of Indiana and Illinois combined. Only 6 per cent of Laos was arable land. Per capita income was about \$50 a year. They had to import a vault before they could open a national bank.

Transportation was at a complete standstill. Any bridges the Japanese hadn't destroyed, the

Communists did. In addition, the old line of communication from landlocked Laos to the sea on the east was broken by the Communist Viet Minh hold on Saigon port.

SO A NEW TRADE ROUTE had to be opened to handle Laos exports, principally tin and rubber and bring in its imports. This was done by a 10-mile road from the capital of Vientiane to the Mekong River on the west, a ferry and barge line across the river to Thailand, extension of a Thai railroad 20 miles to the Mekong River ramp.

In letting the contracts for these projects, U. S. Mission Chief de Paul got all tangled up in deals that were the subject of the Hardy committee investigation. But he finally got the route open in 1958 and it works. He has the satisfaction of knowing he didn't let the Commies take Laos by default.

The five-year, 175-million-dollar economic aid program has included nothing spectacular. It has been made up of a lot of basic programs in health, agriculture, road building, lumbering, community development and teacher training for primary education. For the country was 90 per cent illiterate with 15 high school graduates a year. And most of the people had barely enough to eat.

The program that has caused most controversy, however, is military aid. Its cost has been about five million dollars a year. Most of this has been used to recruit, train and equip an army of 25,000 men. This is 14 per cent of total population—one of the highest rates in the world.

THE ARGUMENT IS THAT this force is used only to maintain internal security. But it has unquestionably been a factor in keeping Communist forces to the north and east from moving in on the prime rice-growing country.

There has been much sentiment in Congress this year to

end all military aid programs. But this feeling frequently overlooks the added anti-Communist forces which the U. S. creates by aid to countries like Laos, Korea and Vietnam.

Nobody in Washington pretends today that the situation in Laos is completely satisfactory. But the Royal Laos Government of King Somdet Prachao Sisavong Vong is definitely pro-Western and anti-Communist.

Laos has rejected aid from both Communist China and Russia in amounts greater than the U. S. has poured into the country. Laos is not in the Southeast Asia Treaty Organization. But it has shown co-operation with Thai, Philippine and other governments that are in SEATO.

Questions - - Answers

Q—Can sharks be found in fresh water?

A—Yes, a few species run up into fresh waters of tropical rivers, and three or four are regular inhabitants of fresh-water lakes in Central America and Thailand.

Q—Who was awarded the 1959 Pulitzer Prize for drama?

A—"JB," a verse play which retells the Book of Job in a modern setting, has brought Archibald MacLeish his third Pulitzer Prize, the 1959 award for drama.

Q—Under what English general did George Washington once serve?

A—Washington was a member of the staff of General Braddock in the French and Indian War.

Q—What do the letters H. J. mean on old headstones?

A—They stand for the Latin words Hic Jacet, meaning "Here Lies."

So They Say...

Ah, do not ask me the color of her dress, but her eyes—they are heavenly blue.

—Montreal Mayor Sarto Fourrier, asked to describe what Queen Elizabeth II wore at a dinner party.

This bill prescribes for a sick patient another dose of what caused his illness.

—President Eisenhower, vetoing wheat and tobacco support bills.

The hysterical shriek of sirens is one of the serious evidences of the large number of crimes committed in the States. . . . On the next day the glassy eyes of corpses look out at readers from the front pages of newspapers that offer the most detailed descriptions of beastly crimes.

—Igor Filatov, member of the Soviet Moiseyev dance troupe, describing American life to Russian readers.

Matter of FACT

In the presidential election of 1824, Andrew Jackson won the greatest number of electoral votes, 99, against 84 for John Quincy Adams, 41 for William H. Crawford and 37 for Henry Clay. But he lacked the necessary majority. So the House of Representatives had to choose between Jackson, Adams and Crawford. In the final balloting, Adams won by six votes: 13 for Adams, seven for Jackson, four for Crawford.

Public Opinion Alone Held Able to Settle Steel Strike

By DAVID LAWRENCE

WASHINGTON — The nation is witnessing an example of how easy it is to slide into a war—to resort to force because there has been no effective exercise of the processes of reason.

A nation-wide steel strike is a confession that differences between two large groups can be resolved only by economic force. The end result is a devastating blow to the national economy, involving the loss of hundreds of millions of dollars—to the workers, to the companies directly involved, to related industries such as railroads, to collateral industries, to defense production, and to the government itself, which loses taxes when business operations are interrupted.

Yet in a free country, with all facilities of communication and negotiation available and without duress of any kind upon those who confer, the two parties nevertheless decide to fight it out on the economic battlefield. Reason fails because union leaders are not free agents—they are the victims of organized pressure, within their own ranks, for gain at any cost.

Study Not Obtainable

There was a time when the "public interest"—the party of the third part—received more attention than today. This usually meant governmental intervention of some kind. But the method has fallen into disrepute, because during past Administrations it came to mean politically motivated policies that were not impartial. The side with the most political influence had its way. The governmental intervention that the country wants—a disinterested study and recommendations for a solution—no longer seems to be obtainable, due to the tremendous power the labor unions have mobilized politically.

Politics in Unions

Certainly the issues are resolvable. Any disinterested tribunal could come up with a formula for settlement. The union leaders, who are themselves directly in office, cannot directly negotiate reasonable settlements—they are compelled, because of politics inside the unions, to insist on more and more wages, irrespective of productivity or any other factor. As for the steel companies, they are up against competition from abroad where wage rates are much lower than in this country. They are losing some of their markets. Tariffs are not popular these days, so there isn't much relief from protectionist laws.

There is, of course, a basis for an agreement. It involves a revision of the complex working rules in existing contracts which today make it necessary for employers to pay for work not done—this is called "featherbedding." If the standards of measurement were based only on efficiency, there could be savings that would mean increases in

Concessions Are Monopolies

Congress has been investigating the abuses in labor unions. The rackets that have been revealed are shocking. It is true that only a few unions have been exposed, but the potential monopoly power permitted under present law is the basis for the rackets.

Labor unions, like the trusts of yesteryear, are a monopoly. Are they using their power reasonably, or are they abusing it? When the people of America make up their minds that labor unions should be covered under the anti-trust statutes that prohibit restraints of trade, there will be an end to the industry-wide bargaining monopolies and collusion agreements which today can put the whole economic life of the country at the mercy of a few individuals. (Reproduction Rights Reserved)

Today's Business Mirror

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—Many will be hurt and many more may be hurt by the steel strike. But among the few who hope to profit by it are the steel makers in Europe and Japan.

Already they have cashed in on it in anticipation.

If predictions are born out that the steel shortage of its struggle over fundamental principles—will be a long one, the foreign mills expect to boost still higher the levels of their economies.

Helped Europe's Recession

The American steel strike telegraphed its punch long ago. And this helped cure Europe's mild attack of recession.

In Europe the shutdowns were mainly in the steel, coal and textile industries. Orders skidded sharply.

Then in the spring the steel industry there began to get orders from American steel users wishing to build up inventories because a strike here was considered more than likely.

Exports of steel began to rival exports of autos as Europe's chief dollar getter. And in West Germany, France, Belgium and England the industrial index turned upward again.

Americans who asked were told both by European government officials and by industrial leaders that an American strike was considered inevitable and that despite the efforts to build up inventories ahead of time American steel users would be in the market for more European steel.

France Had Edge

Until recently European steel sales here were helped by the generally lower prices asked for the foreign steel. France particularly had an edge after the devaluation of the franc. A few weeks ago, England cut the price of its steel by about \$2 a ton.

But with steel output here largely cut off, prices of foreign steel are rising. The steel committee of the National Assn. of Purchasing Agents reports that already Japanese and European sellers are now asking more than the domestic price.

Their chances of making a killing depend on two things: The length of the strike, and imbalances in inventories here.

Major users of steel are reported to have built up stocks high enough to last out a strike of several weeks. But some small companies haven't been able to—either for lack of funds to finance big inventories or for inability to get deliveries.

wages to those—who give satisfactory performance.

But the fact is that the union doctrines which have been preached consistently call for increased wages, irrespective of the economic consequences in price inflation.

Impartial Arbitration

So, what is the answer? It used to be to submit a dispute to some form of arbitration with both sides agreeing in advance to accept the verdict. But who today can select impartial arbitrators? And what responsibility can such arbitrators have for the conduct of the businesses which may be asked to accept heavier financial burdens than they themselves feel are warranted?

President Eisenhower said at his press conference on Wednesday that he has done all he could to urge a settlement by the parties themselves. He declared: "I believe that we have got thoroughly to test out and to use the method of free bargaining."

The President added that the moment that government tries to bring about pressure on collective bargaining, it no longer remains free bargaining. This is but another way of saying that the government itself cannot become involved in telling one party or the other in the dispute what it should accept or reject.

Public Opinion

But if the government cannot do this, should anybody else do it? Existing law calls for a "cooling off" period of eighty days and even a Federal injunction to stop a strike temporarily, but it provides no formula to settle a strike if the parties are adamant after the eighty days have expired.

Public opinion alone can settle the steel strike. This means that the facts have to be brought out into the open, so judgment can be rendered by the American people. The power of labor-union monopolies is extensive. While an individual may quit work if he pleases, there is no constitutional right of any organized group to inflict damage on the people as a whole.

Unions Are Monopolies

Congress has been investigating the abuses in labor unions. The rackets that have been revealed are shocking. It is true that only a few unions have been exposed, but the potential monopoly power permitted under present law is the basis for the rackets.

(Reproduction Rights Reserved)

Some Products Plentiful

Some types of steel products are in plentiful supply while others are fairly tight. The estimated overall buildup in inventories of 6½ million tons since the first of the year isn't necessarily evenly divided.

It's in this field of maldistribution that the foreign mills hope to find their first customers. If the strike is prolonged, more users will get nervous and buy foreign steel as a precaution. If the strike goes to any great length—as everyone here hopes it won't—foreign sellers could name their own price.

But the foreign mills are limited in how much they can produce and how much the European economy can spare to sell abroad. And American steel users are putting much more reliance in the stocks they've built up than in their ability to find steel elsewhere.

Line Fault Causes Dip in Uptate Power

MASSENA, N. Y. (AP) — The electrical power supply in a large area of Uptate New York dipped sharply for about 12 minutes Wednesday because of trouble in a transmission line.

The Ontario Hydroelectric Power Commission said a line fault on the Ontario side of the Barnhart Island Power Dam of the St. Lawrence power project caused the trouble.

The Niagara-Mohawk Power Corp., which receives power from the project and distributes it throughout a wide area of Uptate New York, drew an emergency supply from other utilities in New York State and New England, with which it has emergency interlocking power lines.

Asks Children's Day

WASHINGTON (AP) — Rep. Samuel S. Stratton, Schenectady, N. Y., Democrat, has submitted to the House a petition signed by 181 Schenectady school children supporting creation of a national children's day.

The signatures were collected by Janet Simpson, 10, who earlier wrote Stratton suggesting a children's day on a par with Mother's Day and Father's Day.

Stratton, father of five, has introduced such a resolution. The day would be the first Sunday of October.

The American black bear is a "black bear" even when its color is brown or even tan.

Less Egg Demand Causes Concern to Poultry Industry

WASHINGTON (AP)—Is the egg losing ground in the American diet?

The Agricultural Marketing Service raised this question in a report on the poultry and egg situation.

While offering no answer itself, the service said an apparent failure of egg consumption to respond to low prices in recent years has been a cause of considerable concern to the poultry industry.

This failure, the report said, indicates a declining consumer demand as well as an inelastic demand for eggs. Even when prices rise, consumption tends to be cut back little.

Egg prices, it said, have not been acting as they should in recent years. There has been a gradual decline during the past years in per capita supplies. Normally, this would bring an increase in prices — assuming, of course, a constant demand.

But the fact that per capita sup-

plies have been accompanied by a downturn in prices was said to reflect some loss of popularity of the egg as a food item.

In attempting to explain all this, the service said there has been a tendency in recent years to type eggs as primarily a breakfast food. As such, it said, they have met strong sales competition from heavily advertised breakfast cereals—and even from the mid-morning coffee break. The service said the coffee break reduces people's dependence on a hearty breakfast in which eggs play a major role.

"Also, breakfast seems to have suffered in the general trend toward a reduced caloric intake of foods," the report said.

"Finally, some students of the situation claim that diet fads and concern about cholesterol have reduced the demand for eggs, although other equally prominent authorities recommend continued use of eggs even for dieters."

Roman England

Britain was occupied and ruled by the Romans for about three and one-half centuries, but Ireland was never reached by the Roman army.

Ellenville Man To Face Poppel On Larceny Count

Charles B. Freer, 66, of Ellenville, was arrested Wednesday night by State Police on a charge of first degree grand larceny and later he pleaded innocent before Justice of the Peace Herbert Poppel, Town of Wawarsing.

Freer was released in his own custody pending an appearance before Judge Poppel at 7 p. m. today.

Corporal N. G. Lecakes, of Ellenville, said Freer was arrested on complaint of his former wife, Mary, who troopers said operates the Colonial Bar and Grill at Ellenville. Lecakes said the complainant accused Freer of entering her place and removing a shotgun, a gas powered lawn mower, a crow bar and two cartons containing 24 bottles of whiskey.

Troopers William Shurter and Frank Madron and Trooper John Metzger of the BCI made the arrest.

Driver Is Fined For Leaving Scene

Accused of leaving the scene of an accident which occurred on Route 32 near Maple Hill, Town of Rosendale, Wednesday night, Pablos Cruz, 32, of 241 Green Street, Lancaster, Pa., was fined \$50 after he pleaded guilty before Justice of the Peace Edward Brodsky, Town of Rosendale.

State Trooper Louis Johnson, Lake Katrine, said a car operated by Cruz was involved in a collision with an automobile owned and driven by George Elbert Hughes, 30, of 82 Cedar Street.

Troopers reported Ignatio Pacarro, 23, of Kingston, a passenger in the Cruz car, received laceration of the scalp. He was treated at Kingston Hospital for the injury.

According to Trooper Johnson's report, Hughes was traveling north on Route 32 and Cruz was going in the opposite direction when his car went into the northbound lane and sideswiped Hughes' automobile. Cruz was later taken into custody and charged with the traffic violation.

Deaths

By THE ASSOCIATED PRESS
PORTLAND, Ore. (AP)—Ernest Bloch, 78, world-famed composer and conductor for half a century, died Wednesday of cancer. He founded the Cleveland Institute of Music in 1920 and directed it for five years. He also was a former director of the San Francisco Conservatory and professor emeritus at the University of California at Berkeley. He was born at Geneva, Switzerland, and came to the United States in 1916.

HARTFORD, Conn. (AP)—Henry A. Perkins, 85, professor of physics at Trinity College for more than 40 years, died Wednesday after a long illness. He also was president of the board of the American School for the Deaf at West Hartford for 42 years, retiring in 1955.

SAN FRANCISCO (AP)—George K. Nichols, 79, former vice president and manager of Matson Navigation Co.'s construction and repair department, died Tuesday after a brief illness. He was born at Bath, Maine.

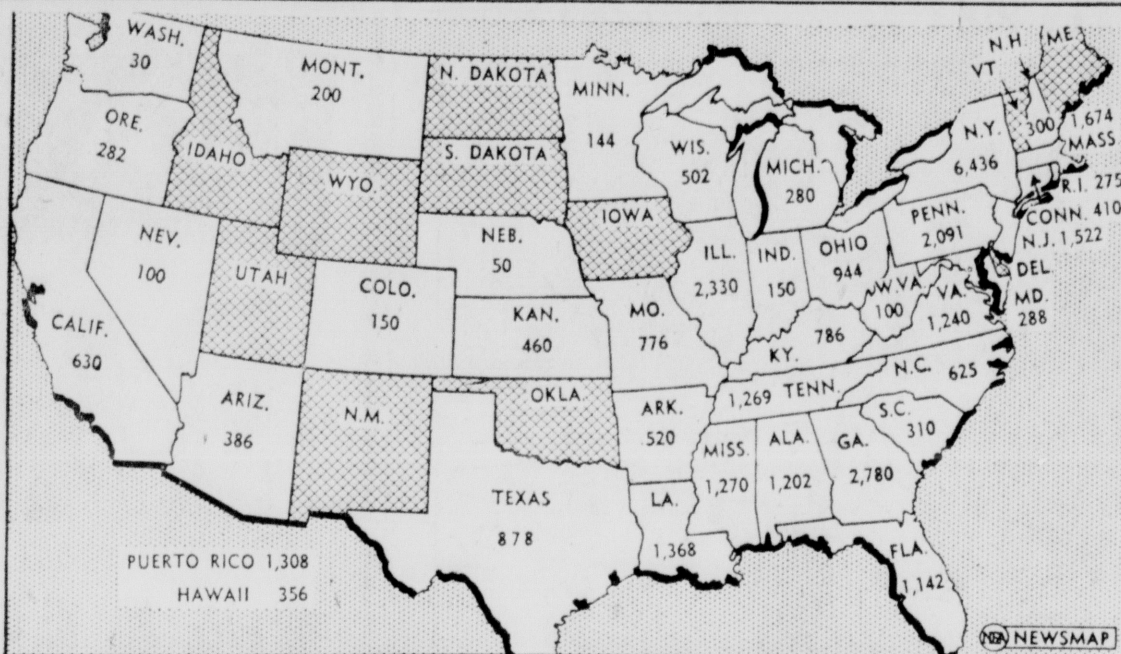

NEW YORK (AP)—Raymond T. Rich, 60, director of Raymond Rich Associates, counselors to nonprofit organizations, and director of American Foundations Information Service, died Wednesday. He also had served as special consultant to many organizations in the health, welfare and professional medical and educational fields. He was born in Hyde Park, Mass.

"Horsehair Bird"

The chipping sparrow builds its nest in low trees or bushes and always lines it with long hairs, hence it often is called the "horsehair bird."

WON'T NEED IT—Seven-year-old Gerald Cavendish Grosvenor isn't aware of it but he won't need that six-shooter to pick up spending money. The lad will receive the bulk of the estate of the late Duke of Westminster, about 28 million dollars. Gerald, third in line for the title, lives at Enniskillen, Northern Ireland.

PUBLIC HOUSING PICTURE—Newsmap shows breakdown by participating states and Puerto Rico for contracts for financial assistance between the Public Housing Administration and 294 local housing authorities which were entered into during the 11-month period ending June 30, 1959. Of the total 35,564 units, 564 were left from 578 remaining from the total of 45,000 authorized in 1955 and unused at that time. The balance of 35,000 were all that could be written under the last contractual authorization received from Congress and which expired June 30, 1959.

Hoffman Honored For 35th Year With C-H Utility

Joseph H. Hoffman, 245 East Chester Street, was honored Wednesday on the occasion of his 35th anniversary of service with the Central Hudson Gas and Electric Corporation. He was cited for his long utility career and received a service emblem from company President, Ernest R. Acker, at ceremonies at the utility's General Office in Poughkeepsie.

Hoffman began his utility service July 15, 1924 in the gas department of the former Kingston Gas and Electric Company, a predecessor company in the Central Hudson System. He has been serving as an electric meter tester during most of his company career.

The utility veteran has been active in the Kingston Little League and is a member of the Central Hudson Employees Quar-

ter Century Club. He is a well-known former semi-pro baseball star.

"Crime waves sweeping the city—and this is the way you spend your time!"

Typos Accept New Pact With 10 Gotham Papers

NEW YORK (AP)—New York Typographical Union No. 6 (Big Six) has accepted a contract with 10 New York City newspapers to replace a pact that expired last Dec. 7.

Unofficial returns from 311 of 350 chapels of the union indicated 3,566 votes for the contract and 2,610 against.

The 10,500 members of the Big Six were eligible to vote. A total of 3,500 work in newspaper composing rooms, including 2,900 on the 10 papers affected.

Only the electricians union has yet to accept a contract with the newspapers.

The printers' contract includes the \$7 weekly package increase over two years that had been accepted previously by the other newspaper unions. In the old contract, printers received from \$128 to \$138 for a 35 to 36 1/4-hour work week.

The papers involved are The Times, The Herald Tribune, The Daily News, The Mirror, The World-Telegram and Sun, The Journal-American, The Post, The Journal of Commerce, The Long Island Press, and The Long Island Star-Journal.

The district of Columbia is governed by three ministers appointed by the President.

4 Negro Youths Are Indicted for Attack on Girl

NEW YORK (AP)—Four Negro teen-agers were indicted by a grand jury Wednesday in the schoolyard rape of a 14-year-old white girl.

The six-count indictments are punishable by a maximum of 20 years in prison upon conviction.

The girl said that a band of six Negro youths raped her as she left an evening social hour June 18 at a Queens junior high school. Two Negro boys under 16 who were accused by the girl are under youth court jurisdiction.

Police withheld the girl's name and those of the juveniles.

Indicted were Edward Jacobs, 17; Henry Stokes, 16; Jacob Bethea, 16, and John Rich, 16.

Queens County Judge Edward Thompson, before whom the four were arraigned, granted a defense request for reduction of their bail to \$5,000 each from the \$25,000 each in which they originally had been held. The judge continued the case until next Wednesday.

Control room instruments simulate re-entry from actual space flight.

Pilot's gondola contains instruments, movie and TV cameras, microphone and medical gear.

Fifty-foot, 4-ton steel arm whips gondola around at 180 m.p.h.

Arm driven by 4,000-h.p. motor. Entire unit weighs 220 tons.

SHAKEDOWN CRUISE FOR SPACEMEN—The Navy is using this biggest and fastest human centrifuge in the world to test the effects of space travel on tomorrow's astronaut. When man returns from space, his tiny satellite will crash into the top of the atmosphere with the same crumpling force as if he drove an auto into a brick wall at 50 m.p.h. The centrifuge, located at the Aviation Medical Acceleration Laboratory in Johnstown, Pa., will reproduce this and other forces. It can ram the pilot into his seat under a load of 40 times the force of gravity—40 G's for short. The centrifuge was successfully used in the development of the X-15 rocket space plane.

Senator to Attend Assemblage Day At Saugerties Lists Features

A 50-foot scale model aircraft carrier on wheels and an additional list of visiting dignitaries were announced this week as features of the second annual Assemblage Day of Saugerties Area Chamber of Commerce, Saturday, Aug. 15.

The model aircraft carrier coming from a Rhode Island Naval base will be displayed through an arrangement with Chief Leo Boland of the Navy Recruiting Station, Kingston.

Dignitaries to attend in addition to those already announced will be State Senator E. Ogden Bush of the 34th Senatorial District, and Col. Joseph A. Barrett Jr., commanding officer of Stewart Air Force Base, Newburgh. Col. Barrett is making arrangements to attend in a helicopter to land at Cantine Memorial Field.

Other plans for the one-day event include a kick-off parade through the village. Saugerties Drum Corps and Father Harty Drum Corps of Saugerties will provide music for the parade.

Nancy Misasi of Glisco, Miss Saugerties of 1960 and her attendants, Denise Rethier, and Carole Larsen will appear in the parade on the Chamber of Commerce float.

Two bands of Local 215, American Federation of Musicians, Kingston will play for Assemblage patrons. There will be an afternoon concert, and dancing in the evening.

The Assemblage will be a festival of Saugerties industry and business on parade with displays throughout the village streets, at the municipal building and Cantine Field. Last year's event drew more than 30,000 persons.

In a letter this week from the Chamber of Commerce to area merchants and businessmen, sponsorship of exhibits and displays of home products was solicited.

Many hundreds of free awards will be given away to visitors throughout the day. Merchants participating will donate the gifts.

The letter was signed by Raymond Ruby, chairman of the space allotment committee.

Synagogue News

Temple Emanuel

Services will be held Friday, 8 p. m., at Temple Emanuel, 243 Albany Avenue, and will be conducted by Alfred D. Ronder, vice president of the congregation.

AHAVATH ISRAEL

Congregation Ahavath Israel, Spring and Wurts Streets—During the vacation of Rabbi Jacob Rubenstein, Sabbath worship services will be conducted at 8:30 p. m. Friday by Larry Jacobs, congregation president; spiritual message by Harry Brines. Saturday morning services in the vestry at 9 o'clock. Friday candlelighting, July 17, at 8:08 p. m. For participation in an intensive Hebrew reading study class, with Rabbi Rubenstein instructing, arrangements may be made in advance by phone before July 24 registration. Classes will be held in the air-conditioned vestry Wednesday and Thursday evenings, beginning August 6.

Protecting His Title

SAN DIEGO, Calif. (AP)—Dr. Albert Anderson, a dentist who was voted one of the city's 10 best-dressed men, arrived at his office without his collar clip. He took care of the matter in short order, making a substitute from denture plastic.

Weekly Food Review

By THE ASSOCIATED PRESS

Fresh fruits and vegetables continue to take the play away from meat in the weekly battle for the housewife's attention.

Supplies of fresh produce remain abundant, with locally grown items augmenting, or replacing, those shipped from distant growing areas. The result is a wide variety of fresh goods at low prices.

Meat, which is estimated to take up about one-fourth of the average family's food expense, continues on the same price level. Pork prices have weakened, and are expected to weaken still further, but few changes are reported this week.

Best buys among the fresh vegetables are corn, pascal celery, beans, squash, radishes, green onions, local tomatoes, potatoes and yellow onions. Potatoes and yellow onions are a shade higher this week, but still rated as outstanding buys.

Local lettuce heads the good buy list, which includes carrots, peppers, cucumbers and cabbage. Eggplant, cauliflower and broccoli are moderately expensive.

Best bets in fruit buys are watermelons, pineapples, mangoes and blueberries.

Good fruit buys include early summer varieties of apples, peaches, cantaloups, Thompson seedless grapes, plums, cherries, lemons, oranges and scattered offerings of raspberries and blackberries. Honeydew melons, nectarines and apricots are rated fairly expensive.

Beef is the most frequent bargain special, with rib roasts and steaks taking temporary precedence over the less expensive cuts.

230 Children Registered for Annual Playground Program

More than 230 children, a figure slightly higher than the 1958 registration, are taking part in this season's playground activities at Andy Lee Memorial Field, Kermit Schwarz, chairman of the Recreation Committee, has announced.

Arts and crafts and swimming are proving the most popular, as usual, with 125 registered in the former and 120 for the daily swimming period.

Other registration figures are: folklore, 30; archery, 30; golf, 20; baseball, 27; playground newspaper, 28; photography, 18.

The swimming classes under the direction of Sharon de Lizio, life guard-instructor are broken down as follows: advanced swimmers, 9:30 to 10 a. m.; intermediate II, 10:10-30 a. m.; intermediate I, 10:30-11a. m.; beginners, 11-11:30 a. m.

Mrs. Margaret Wettoreu is in charge of arts and crafts, assisted by Mrs. Evelyn Polak and Susan Bromberg. Beginners classes are held from 9 a. m. to 10:30 a. m., with advanced from 10:30 to 12 noon.

Historians Included
Alf Evers, local author and historian, and Harry Siemsen, official historian of the Town of Kingston, are in charge of the folklore sessions on Mondays at 1:30 p. m. Richard Cowen handles the instructional classes in

archery on Tuesdays from 1 to 2 p. m. Archery is held daily at the field, but the classes are instructional only.

J. Carson Hutchins, professional of the Woodstock Country Club, is instructor for the golf clinic on Thursdays at 9:30 a. m. Paul Van Wagenen's baseball group plays daily between 9 a. m. and 12 noon. The baseball players are divided into two groups: 15 and under and 12 and under. Games are played with other camp teams daily.

Councilman Tobie Geertsema is teaching 28 youngsters the rudiments of journalism and supervising publication of the playground newspaper from 2 to 4 p. m. on Wednesdays.

Chairman Schwarz and John Majores, director of the playground, teach the photography class on Fridays at 2 p. m.

Director Majores has announced regulations governing the playground schedule as follows: 1. in case of rain at 9 a. m., efforts will be made to open the field for the afternoon session at 1 p. m., weather permitting; 2. the playground will remain open for half session, if it starts to rain after 9 a. m., opening time; 3. parents are urged to pick up their children when it appears to be raining heavily enough to curtail the program. Parents are asked to do so because of lack of sufficient shelter at the playground.

WOODSTOCK SOLOIST—Bernard Kranis, a musical rarity as recorder soloist will appear in the Maverick Sunday Concert this weekend.

afternoon. Scheduled to appear are: Barbara McGrath, Woodstock actress and monologist, who will present an animated Cinderella dramatic reading; Stephen Barr, whose prestidigitation, sleight of hand, and facility in the legerdemain of magic have gained him area-wide publicity; and Vicky Williams, attractive teenage dancer, who will perform two specialty numbers based on her work with the Fred Astaire Studios in New York.

The Vannis, in addition, are attempting to contract with a famous radio and television personality to talk informally on experiences in these media, an area college dramatic group to present a skit or play, and a pony ride concessionaire. If all goes well, these features will be added to the program for the afternoon.

When the curtain rings down on the 3-show cycle, a teenage dance contest, open to all comers, will take over the floor of the Center. Competitors should be in costume, may perform any type dance, and should be in the teen-age category. Prizes will be awarded and the contest will run from 4 to 6 p. m.

Letters to Editor

The following letter has been submitted to this column by Ralph Kricker of Bearsville:

"Dear Editor of Freeman Woodstock Column:
A typical example of the arrogance and disregard for the public welfare of our local Woodstock Republican politicians could be seen last week and again this Monday, July 13, when they parked a car which they are raffling off for the benefit of themselves, during the height of the season, in front of the United States post office, from 9 a. m. to 6 p. m.

"The parking situation is bad enough in Woodstock, without this nuisance being perpetuated on the state highway in the very heart of the village. It is certainly a good location to sell tickets and also lose some votes. Of course, there is no law against the all-day parking.—RALPH KRICKER."

Town Notes

The monthly meeting of the Town Board will be held at Town Hall tonight at 8 o'clock.

Routine matters will be discussed.
A lively ticket sale indicates a large turnout for the Gene Sarazen golf exhibition at Woodstock Country Club on Sunday at 3 p. m. The exhibition is for the benefit of the three churches of the Catholic parish—St. Joan of Arc of Woodstock; St. John's of West Hurley and St. Augustine's of Shokan.

A recent reference to Daniel P. Revzan as a lawyer was erroneous. He was referred to as an attorney in a report covering a debate at the recent public hearing at town hall. He is not a member of the bar.

Woodstock Country Club's next social event is a buffet dinner-dance on Saturday, Aug. 1. Music for dancing will be furnished by Nick Gentile's Quartet. The last two events at the club have been highly successful, nearly 120 persons attending the 4th of July steak roast.

AND GROWING—It may not be as high as an elephant's eye, but Mary Hightower has to mount a stepladder to reach the tips of this corn in Marshall, Mo. It's a demonstration field of the Missouri Farmers Assn.

Prospects Good For Settlement Of A&P Strike

NEW YORK (AP)—Prospects for settlement of the A&P food store chain strike appear to have improved.

The striking Local 852 of the Teamsters Union has scheduled a membership meeting for Saturday to receive a report on efforts to settle the strike of 1,400 warehouse workers.

Hints of Formula
At Wednesday's mediation sessions there were indications that a formula for settling the dispute might have been drawn up.

Commissioner Francis Maher of the Federal Mediation and Conciliation Service and company and

union representatives would not give any definite information to newsmen.

Local 852 President Dennis Crotty said "It will be submitted to the membership for their acceptance or rejection. . . . The next step is up to the membership."

Crotty declined to say what would be submitted to the membership. Nor would he say whether union officials would make any recommendations.

400 Stores Closed
The month-long strike of warehouse workers has closed more than 400 A&P stores because of lack of supplies. The closed stores include most of those in New York City and the company's stores on Long Island, in Westchester, Rockland and Orange counties, N. Y., and lower Connecticut.

The reported peace formula, it was said, was for settlement of a jurisdictional dispute between the striking Local 852 and Local 807 of the Teamsters Union over work which had been done by

members of Local 807 in the warehouses. This has been the major stumbling block to settlement of the strike.

Despite the latest development, however, it was learned that there was a split among union negotiators on the jurisdictional issue.

It was generally conceded last week that wages no longer were an issue.

About 12,000 A&P clerks and other store employees have been furloughed because of the store closings. Thousands of other employees have been idled in companies which supply the A&P.

\$17 Billion Record

The 1957 record of \$17 billion spent by Americans on their vacations in restaurants, resorts, hotels, gas stations and retail stores is expected to be met or surpassed in 1959. To help promote more visitors, hotel and resort advertisers invested over \$19 million in daily newspaper advertising. An increase of over 8 per cent over the previous year.

\$3.75 Milk Price

NEW YORK (AP)—The Milk Market Administration says farmers in the New York-New Jersey milkshed will receive \$3.75 per hundredweight (46.5 quarts) for June deliveries.

This is down one cent from May deliveries and two cents under the June 1958 price.

The administration also announced Wednesday a differential of 5.6 cents for each one-tenth of a pound of butterfat above or below the 3.3 per cent standard.

Although dairies averaged a record high of 669 pounds per day, the total deliveries dropped slightly last month compared with last year because fewer producers contributed to the milk pool.

Consumption of fluid milk also fell off about one-half per cent. Farm value of the milk delivered in June exceeded 38 million dollars.

Mishel Piastro and Ensemble In Special Concert, July 23

Something very special in the way of concerts will be offered in Woodstock Thursday evening, July 23, at 8:30 p. m. at the Woodstock school auditorium, when the Woodstock Festival will present Mishel Piastro and the American Virtuosi, a 12-piece string ensemble. The name of Mishel Piastro, renowned violinist-conductor, is a household word among lovers of good music throughout the world who have listened to the famous Longine Symphonette broadcasts for the past 20 years.

Of special interest to Woodstockers will be the playing by the American Virtuosi of a composition by Woodstock's own Alexander Semmler, who will guest conduct the orchestra for this piece, entitled "Pastoral Suite." Another item of special interest on the program is a piece called "String Quartet" which was composed by Benjamin Franklin! The arrangement of this composition for a string orchestra is by the

composer Dubensky. Soloists with the orchestra are Mishel Piastro himself, on the violin, Kenneth Gordon, violin, and Sidney Edwards, cello.

Varied Program

Other pieces on the program include: Concerto Grosso in D Minor by Marcello, arrangement by Akon; La Oracion Del Torero, by Turina; Praeludium and Allegro by Kreisler; Valse Sentimental by Schubert, arranged by Akon; Caprice No. 24, by Paganini, arranged by Akon.

With the increased musical interest and activity in recent years, the Woodstock Festival Committee feels that Woodstock is eager for concerts of an expanded nature, and is presenting this top-notch musical organization on a special experimental basis. The response to this concert will determine if it will be feasible to continue this type of event. Reserved seats are available by writing to the Woodstock Festival Committee, Box 485, Woodstock, N. Y.

Justice McGrath Has Key Role in Church Pageant

Justice of the Peace Dixon McGrath, a lay preacher in the Methodist Church, presided at the Rhinecliff Methodist Church's observance of its 100th anniversary celebration on Saturday and Sunday. McGrath presided in the absence of the pastor, the Rev. Donald T. Keil, who is serving the Alaska Mission at Chugiak, Alaska, for the summer months.

Dr. Henry Noble MacCracken, president emeritus of Vassar College, and the Rev. C. Wesley Christman Jr., president of the New York Annual Conference Historical Society, were the principal speakers at the Historical Program. Dr. MacCracken spoke on the subject, "Church Life on the Hudson River 100 Years Ago." The Rev. Mr. Christman spoke on "Freeborn Garrettson."

Reverend Greetings
The Rev. Reginald T. Edwards, District Superintendent of the Poughkeepsie District, New York Annual Conference of the Methodist Church, was guest preacher on Sunday.

Greetings from former and neighboring pastors were heard at ceremonies on Sunday afternoon. Visiting pastors included: Rev. William H. Austin, Rhinebeck; the Rev. N. Harlan Scott, Pine Plains; the Rev. Howard McGrath, Chatham; William V. Hughes, local preacher who served the Rhinecliff church in 1908; the Rev. John G. Waelde, Pomona, Calif. (1924-25); the Rev. Henry G. Lincoln, Walton, N. Y. (1926-28); the Rev. Purdy Halstead Jr., New York City (1944-49); the Rev. Raymond Ward, Milton, (1950-52); the Rev. William A. Fox, Rhinebeck, (1953-57); and Dixon McGrath, supply pastor.

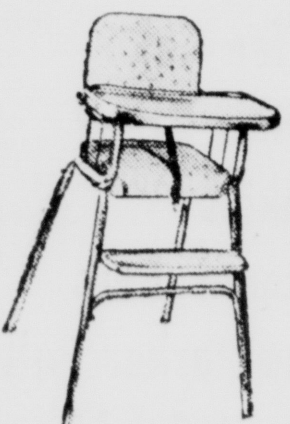

Greetings were read from Chaplain John T. Evans Jr., U. S. Air Force, MacGuire Air Force Base, Trenton, N. J. (1941-43); James E. Moore, Whittier, Calif. (1942-43); and the Rev. Mr. Keil from Alaska.

New Ideas Boost Entertainment at The Library Fair

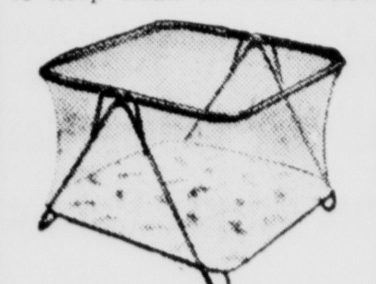

With only two weeks left on the calendar before the gates open on the 32nd Annual Woodstock Library Fair on July 30, there still seems to be no end to entertainment ideas being inaugurated for the big event. At this writing, a sum total of four unique features have been planned by the Entertainment and Special Events Committee, under the chairmanship of Mr. and Mrs. Ronald P. Vanni. Possibilities loom large for the inclusion of three more attractions before Fair Day.

The Entertainment and Special Events program will take place in the Collection Center

Stigma Is Eliminated

State's Mental Hospital Are No Longer 'Isolated Prisons'

By TOM TURLEY
Associated Press Staff Writer
ALBANY, N. Y. (AP) — What sort of picture do you have of a mental institution?

A huge, isolated prison-like structure where the patients are herded about like cattle? There is a new look in New York State's mental hospitals. The stigma attached to mental disease is being eliminated.

Hospitals are being transformed from closed, restrictive places to

open, medically effective installations. Almost a third of the patients enter the state hospitals voluntarily, rather than through legal procedure.

Flexibility Grows

There is a growing flexibility in hospital management; patients are encouraged to go home on frequent visits and to maintain outside business and social ties whenever possible. Day hospitals and night hospitals also are being developed as a community service.

Small hospitals with small wards are attracting much inter-

est. Big hospitals are coming under critical scrutiny. A new concept in mental-hospital administration, successfully tested in Denmark, now is being tested in Suffolk County at Pilgrim State Hospital, a 14,000-bed institution.

The institution is being decentralized into a cluster of 2,000 to 3,000-bed units, each under the management of an assistant director who will handle clinical and administrative functions for the unit.

Each division will be self-contained and will have its own admission service, treatment facilities and release procedure. Some institution facilities will be shared, such as the transportation and maintenance pools, the business office, etc.

Dr. Paul H. Hoch, New York State's commissioner of mental hygiene, says the project aims to achieve within the framework of

a large institution the advantages of the closer relationship between patient and personnel in a small hospital.

Pilot Project Starts

Another pilot project is under way at the Hudson River State Hospital at Poughkeepsie, which recently received a quarter of a million dollars for one of the most comprehensive programs of mental treatment ever attempted in this country.

Under the grant, complete coordinated psychiatric services will be provided for residents of Dutchess County. The object is to determine to what extent community services can reduce the need for hospitalization.

In addition to the services already provided by the hospital, pre-hospital care will be established.

Explains About Treatment

In announcing the project, Dr.

Robert C. Hunt, the hospital's director, said:

"There is a cultural tradition in our society of almost automatically hospitalizing any patient who is diagnosed as psychotic. Recent developments have shown that many psychoses can be treated effectively and safely without hospitalization."

Hunt maintains that unnecessary hospitalization and unnecessary prolonged hospitalization are contributing factors of chronic mental illness.

The first stage of the project involves only an administrative rearrangement within the hospital—converting one facility specifically for the Dutchess County group.

Calls for 'Pre-Care'

The second stage calls for the addition of "pre-care." This, Hunt said, is conceived of as a psychiatric emergency service to provide

ment before hospitalization is decided upon.

The consulting psychiatrist may recommend a course of home treatment by the family physician, refer the patient to a practicing psychiatrist or psychiatric clinic for outpatient treatment, call for more intensive treatment in the day hospital, or order admission as an inpatient.

New drug treatments, new therapies, new concepts in hospital administration, new techniques in the care of patients and new community psychiatric programs have altered radically the centuries-old battle against mental illness.

Go Home Earlier

More than half of those who enter state hospitals are ready to return to their homes in less than a year—many leave after two or three months.

Nevertheless, the patient needs help in bridging the gap between

the hospital and community living.

"Until society understands and accepts the mentally ill without prejudice," Hoch says, "these recovering patients, trying to reestablish themselves in the world, will break down again and again under the cruel weight of rejection."

"Father of History"

Herodotus, Greek historian whose history deals with the rise of the Greek and Persians, often is called the "father of history."

Glima is the scientific and Ireland.

Pleads Innocent To Taking \$40,000 In Bogus Claims

BUFFALO, N. Y. (AP) — A lawyer has pleaded innocent to charges he stole more than \$40,000 through fraudulent automobile insurance claims.

Sixteen other persons, all from Buffalo, have been indicted on charges of fraud and larceny in the case.

The lawyer, Robert V. Bogan, 37, surrendered to police Wednesday. He was formerly a claim adjuster for the Buffalo Insurance Co. He said he resigned to go into private practice.

Authorities said that he was charged with falsifying records of

the insurance company and using fictitious names on claims. He was released in \$3,500 bail.

An Erie County grand jury indicted the 17 on Tuesday. Those indicted included a real-estate dealer, a city employee and a garage manager and his wife.

Investigators have been searching as far as Mexico to arrest the last half dozen persons.

Third Life Claimed

GENEVA, N. Y. (AP)—An explosion and fire at a junkyard in nearby Border City two weeks ago has claimed a third life.

James Reid, 21, died Wednesday of his injuries. Ernest Lee Brooks, 28, died the day of the fire and Morton Port, 17, died last Saturday.

Authorities said sparks apparently ignited fumes from gasoline the men were using to clean equipment in the junkyard.

Ground Broken for Play Area in Windham Sector

Ground was broken today for the mammoth new "Cave Mountain" ski and recreation area in the northern Catskills at Windham.

George Macomber, a director of the Cave Mountain Corporation and C. D. Lane, supervisor of the Town of Windham and a director in the corporation, said plans had proceeded to the point where road and parking area construction were underway.

Plans are underway for an installation which will be the second largest ski area in the state. The original installation will consist of a mile long chair lift, a quarter mile T-Bar and six

miles of slopes for all types of skiers.

The installations will be designed for year round appeal. The chair lift will have special features for summer passengers, and the expansive base and summit buildings will have broad sun decks, lookout towers and extensive refreshment and merchandising facilities, plus outdoor summer skating and heated swimming pool.

It is expected construction will be completed in the fall of 1960 and the area will be open during the 1960-61 season.

Snow falls in June in Australia.

Hercules Income Up

WILMINGTON, Del.—Hercules Powder Company reported for the six months ended June 30, 1959, net income equal to \$1.36 a share of common stock.

Net income in the first six months of 1958 was equal to 89 cents a share of common stock. For the second quarter of 1959, net income was equal to 79 cents a share of common stock.

This compares with net income in the second quarter of 1958 equal to 51 cents a share. Net sales and operating revenues for the six months' period were \$137,200,312, compared with \$116,773,028 for the corresponding 1958 period.

The area of the Rock of Gibraltar and the accompanying British naval base is two square miles.

BRIDGE

Second Guess by East Loses

By OSWALD JACOBY

Written for NEA Service

South's leap to four spades gave West considerable food for thought. Naturally enough, he was thinking of doubling but finally decided against it.

He opened the three of hearts. East won with the king and South promptly dropped the deuce.

A false-card would have made it easy for East to continue the suit since he would have known that his partner had either led a singleton, the top of a doubleton or third best from three to a jack.

As it was, East decided that his partner had been contemplating a save at five hearts, not a double. Accordingly East shifted to the

seven of spades. South played the ten and was delighted to find that he had forced the ace. From then on the hand was duck soup. West led a diamond. South went diamond, drew trumps, overtook his king of clubs with dummy's ace, discarded one heart on the queen of clubs and conceded a heart trick.

Trooper Is Killed

PALATINE BRIDGE, N.Y. (AP)—An off-duty state trooper, Elmer Rogers, 41, was killed today in his own automobile when the vehicle went out of control and struck a utility pole and a tree in this Montgomery County village.

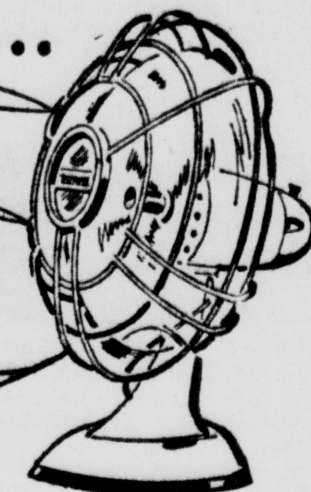

Rogers lived in nearby Amster-

Will Be Keynote Speaker for GOP Saturday Morning

VINCENT G. CONNELLY

Vincent G. Connelly, former Republican city chairman, a former assistant district attorney of Ulster County and practicing attorney, will be the main speaker at the unofficial Republican County convention Saturday.

Active in Republican party affairs for over 25 years, Connelly is a member of the law firm of Connelly & Connelly of which his brother, former Corporation Counsel James G. Connelly, is a member.

The Republican county convention will be called to order at 11 a. m. on Saturday at Municipal Auditorium by Assemblyman Kenneth L. Wilson, county chairman. Followed by the "keynote" speech by Attorney Connelly, the convention will proceed to designate its choice of candidates for the office of Surrogate, Sheriff and coroner.

The convention business will be followed by a dinner for the delegates.

Births

Births recorded recently by the city registrar included the 10th set of twins reported here, to date, this year.

They are Herbert Charles, Jr., and Karen Lois born July 12 to Mr. and Mrs. H. C. Miller, of Esopus at Kingston Hospital.

Other births recorded recently were:

Wallkill Rose-Sheeley Post Names New Officers

WALLKILL—Norman L. Eckert was elected commander of Rose-Sheeley Post 1034, American Legion, at the recent meeting. Other officers elected were Clifford Quick, first vice-commander; Thomas Bellarosa, second vice-commander; Leo Hipp, third vice-commander; Joseph N. Vogel, finance officer; Peter T. Sowa, sergeant-at-arms; Lawrence Prisco, chaplain; Gordon Irvine, service officer; George Vogel, historian.

Delegates to the Ulster County Organization are, Commander Eckert and Vice-Commander Quick. Alternates are Vice-Commander Bellarosa and Vice-Commander Hipp.

Newly elected officers were installed by Edward M. Lown, who also presented the past commander pin to out-going Commander Joseph F. Doolittle.

Final plans were made for the annual carnival to be held on the Legion grounds Friday, July 24 and Saturday, July 25. All Legionnaires were urged to assist in setting up equipment for the event and to be present the nights of the carnival.

REFORMED CHURCH NOTES

Morning services are held at Wallkill Reformed Church each Sunday at 9:30 a. m. Sunday school will be resumed Sept. 13, when a later morning service will be held. There will be no further choir rehearsals until Sept. 10.

The Classis of Orange will hold a Vesper service Sunday, July 26 at Warwick Estates, the newly acquired conference ground of the Particular Synod of New York. There will be guided tours of the estates every 15 minutes beginning at 4 p. m. Families are invited to bring basket suppers. Refreshments will be on sale.

A Vesper service will be held at 6:30 p. m. when all facilities on the conference grounds will be available.

Saturday, Aug. 15, will be Fair Day for members of Wallkill Reformed Church, with the fair open from 2 p. m. to 9 p. m. A cafeteria supper will be served from 5:30 p. m. Mrs. Elmer Van Wyck and Mrs. J. A. Howell will be in charge of the dining room. Mrs. Everett Poole and Mrs. Raymond Prescott are chairmen in charge of the fair. All members are urged to deliver booth items to the chairmen as early as possible.

Water Line Break

A water line break in the Town of Ulster between Route 9W and the East Chester Street bypass was reported today. Residents at that immediate area were asked to shut off water service while the break is being repaired, but service was said to be still intact for residents in other areas of the township.

matter of FACT

Before European settlers came to America, the Potomac River was a much-used waterway of the Indians and its broad, wooded valley was an Indian hunting ground. In 1608, Capt. John Smith entered Chesapeake Bay and sailed up the river which he called "Patowmack" after an Indian tribe living nearby. The Potomac Valley was one of the chief Civil War battlegrounds.

Mrs. Warren Gillispie spent last week with her brother and sister-in-law, Mr. and Mrs. Lindley Churchill of Kingston. The group spent a few days with their cousins, Mr. and Mrs. Edward Smith of Albany.

Girl Escapees Found

Teen-Age Club Planners Held In Po'keepsie

Poughkeepsie police cracked down on plans of three youths to organize a "teen-age club" Wednesday and arrested the trio on charges of outraging public decency in violation of Section 43 of the Penal law, and apprehended two 18-year old girls who escaped from the Hudson River State Hospital.

Detective Francis "Pete" Doerr, who figured in the investigation, identified the youths as Peter Arvanetes, 19, of 22 Cranell Street; John Arvanetes, 25, of 98 Innis Avenue; and Gene Louis Wertz, 17, also of 22 Cranell Street, all of Poughkeepsie.

Further Probe Due Doerr said Peter and John Arvanetes also were charged with keeping a disorderly house in violation of Section 1146 of the Penal law. In City Court today, the three defendants pleaded innocent and Judge Charles O'Donnell adjourned the case until next Thursday after he was told the investigation by police has not been completed.

Assisting Doerr in the investigation were Detectives Thomas Britt, John Doss, Edward McLaughlin and Frank Dunlap, and Patrolman Robert Berberich.

Sought Since Monday Doerr told a Freeman reporter that police had been searching for the two girl escapees since they made a getaway from the North Road institution on Monday morning. Yesterday afternoon Patrolman Berberich spied the girls as they left the basement apartment at 22 Cranell Street, where Doerr said Wertz and Peter Arvanetes resided. The girls were immediately taken to police headquarters for questioning.

Doerr said the investigation was continued at the Cranell Street house, where authorities found a layout which resembled a "clubroom." Doerr said among other articles of furniture was a Hi-Fi phonograph and a number of records.

Police Nip Plans According to Doerr the Arvanetes and Wertz were in the process of organizing a "teen-age" club but Doerr added, "they were just beginning plans for the club and police nipped it in the bud." The detective said the girl escapees had stayed at the Cranell Street apart-

ment for some time since they left the state institution.

Doerr stated the investigation will continue and others will be questioned. He said the two girls were returned to the institution after statements were taken by detectives.

Reposing at the Frank H. Simpson Funeral Home, 411 Albany Avenue, funeral services will be held Saturday, July 18, 1959, at 2 p. m. The Rev. Joseph E. Carlin of the Bloomingdale Reformed Church will officiate. Burial will be in Bloomington Cemetery. Friends may call this evening from 7 to 9 p. m. and from 2 to 4 and 7 to 9 p. m. on Friday.

He was also a member of Rondout Lodge 343, F&AM, Kingston and of the Wadsworth Fellowship Club, the Albany Sovereign Consistory, the Masonic Veterans Association, Cypress Temple Shrine and Beverwyck Post No. 1756, American Legion and St. John's Lutheran Church Men's Club, all of Albany. Funeral services will be held at the Jensen and Deegan Funeral Home, 15 Downs Street, Saturday, Saturday 11 a. m. thence to St. John's Lutheran Church, Albany, and a former pastor of the Evangelical Lutheran Church of the Redeemer here, will officiate. Burial will be in Montrose Cemetery. Friends may call at the funeral home Friday from 2 to 5 and 7 to 9 p. m.

Charles F. Maines, 63, a former resident of this city, died suddenly at Albany Hospital Wednesday. Mr. Maines had made his home at 1028 Central Avenue, Albany, for the past 15 years. Born in Kingston, he was a son of the late Alexander and Mary Smith Maines. He is survived by his wife, the former Sophia Oppenheimer; a sister, Mrs. John Haber; a brother, Clarence Maines; his uncle and aunt, E. Wright and Lillian Maines, all of Kingston. Mr. Maines was a retired railway mail clerk, having been employed for many years by the national Postal Transportation Company. He was a veteran of World War I, a member of Company M and the Veterans Association. He was also a member of Rondout Lodge 343, F&AM, Kingston and of the Wadsworth Fellowship Club, the Albany Sovereign Consistory, the Masonic Veterans Association, Cypress Temple Shrine and Beverwyck Post No. 1756, American Legion and St. John's Lutheran Church Men's Club, all of Albany. Funeral services

New Paltz Area Methodist Notes

Summer Services

Services in the New Paltz Methodist Church, Main and Grove Streets, will be at the usual morning hours of 8:30 and 11. The Rev. Willett Porter, pastor of the church, will conduct the services on the Sundays in July. Guest preachers in August will include the Rev. Dr. Channing Liem, Lorin E. Osterhoudt, George DuBois, Ernst Horsbell and George Carpenter.

Special music has been planned for summer Sundays by Mrs. Eugene Trautwein, organist, and Ralph Dennis, choir director. Sunday, the pastor will play a trumpet offertory.

Recent Baptisms

Children baptized at the 11 o'clock service Sunday in the New Paltz Methodist Church were: Wynne Woolley and Michael Edward Woolley, daughter and son of Mr. and Mrs. Alban F. Woolley, of Duane Road and Theresa Marie Belgiovine, daughter of Mr. and Mrs. Morris Belgiovine, of North Elting Corners Road. The Rev. Mr. Porter officiated.

Youth Institutes

The Summer Youth Institutes of the New York Conference of The Methodist Church will be held in August at Hotchkiss School, Lakeville, Conn. Delegates from the New Paltz Parish to date include Miss Linda Crans, Miss Linda Dyer, Miss Gail Valone, Miss Monema Perkins, Miss Cynthia Schneider, George Slane, and James Slane. Registration deadline is August 1. Others contemplating attending either the junior high or senior high institute may contact the Rev. Mr. Porter or Mrs. Alvin Beatty as soon as possible.

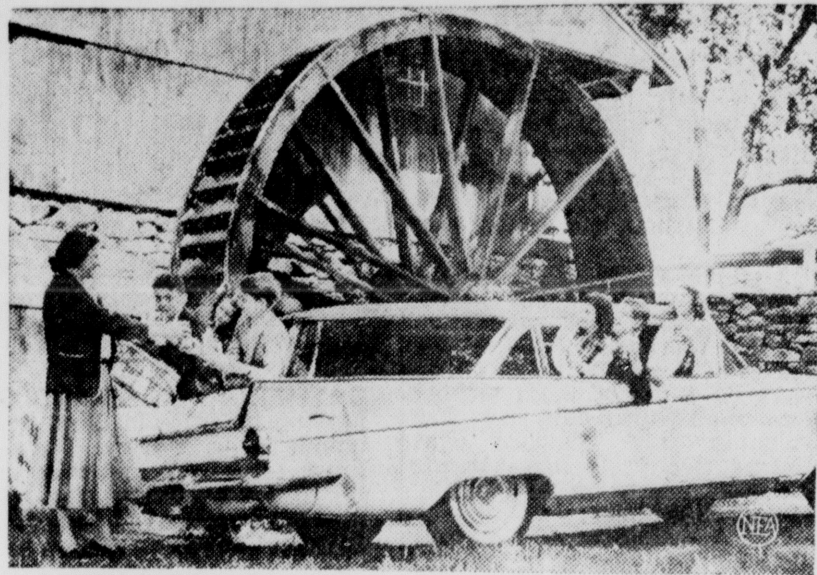

Men's Club Trip

Fifty men and boys of the community will attend the Yankee-Kansas City baseball game and the Old Timers festivities at the Yankee Stadium Saturday, August 8. Reservations have all been taken up. The bus and several cars will leave the Methodist Church at 10 a. m.

The Netherlands has reclaimed about 30 per cent of its total land area from sea, lake and marsh over the centuries.

American Menu

Just Right for Summer — A Station Wagon Picnic

A REAL summer treat was this station wagon picnic beside the historic Massachusetts grist mill in Old Sturbridge Village.

By GAYNOR MADDOX
NEA Food and Markets Editor

We filled our streamlined station wagon with six eager youngsters and drove up to Old Sturbridge Village in Massachusetts for the annual Muster Day.

A metal picnic basket, packed with canned soft drinks on top of a plastic bag filled with ice, rode along with us and the boys and girls had their favorite "pop" en route—no stopping at roadside stands. Flavors?—orange, ginger-ale, root beer, lemon-lime, black raspberry and many others in hefty 12-ounce cans, big enough to satisfy all youthful thirsts. We chose canned soft drinks to prevent breakage and need to return bottles, and because the cans cool quickly and stay cool.

While the Mattatuck Fife and Drum Band, founded in 1765, played Revolutionary tunes such as "Yipp Coon," "Old Dan Tucker" and "The Road to Boston," and the Lexington Minute Men, The Putnam Phalanx, and the Kentish Guards in colorful regimentals paraded about the Village (a living museum of American life from 1790 to 1840), our station wagon patriots munching warm Muster Day Molasses Gingerbread (recipe 150 years old) and drank their favorite soft drinks.

Next day we lunched near the old grist mill's huge water wheel and ate graham bars baked in

Grant's General Store on the Village Common.

Grist Mill Graham

One cup dark brown sugar, 1/2 cup white sugar, 3/4 cup shortening, 2 eggs, 2 cups flour, 1 cup graham flour, 1 teaspoon soda, 1 teaspoon salt, 1 teaspoon nutmeg, 2 teaspoons vanilla, 1 cup dates.

Cream sugars and shortening, add eggs one at a time while beating. Sift white flour with soda and salt; add the graham flour and spice. Add these ingredients to first mixture. Cut or chop the dates as finely as possible and add to dough with the vanilla. Beat for several minutes until dates are thoroughly blended. This recipe may be baked as cookies or baked in a shallow pan and cut into bars when done and rolled in sugar. Bake at 375 degrees F. for 12 to 15 minutes.

TOMORROW'S DINNER: Poached fresh salmon, egg and caper sauce, parsley boiled potatoes, garden peas, soft rolls, lettuce and tomato salad, oil and lemon juice, Old Sturbridge Village grist mill graham, blue berries, coffee, tea, milk.

Aged Tree

The oldest living thing on earth is the 3,500-year-old General Sherman tree in Sequoia National Park in California according to the Encyclopedia Britannica.

Pavement, . . .

asphaltic concrete on the traffic pattern to be built in the triangular area formed by Broadway, Albany Avenue and East St. James Street, the mayor said it was felt that such pavement would be more advantageous to the city.

It was decided, he said that "steel reinforcement in concrete pavement would make our magnetic instruments worthless in locating pipes, utilities, etc." It would be more advantageous in making excavations, replacement costs would be less, pavement in the interchange area would conform with that of adjoining streets, and the pavement would not require the curing time of concrete. The state will reimburse the city for road maintenance.

Will Ask State

Superintendent Cole, he said, had indicated concern as to these points, and he agreed with him after discussion. It was noted that "several utilities are already contained under the roadbed" to add to the problem of future maintenance, and they both felt that a bid should be made to the state containing the city's preference for asphaltic concrete pavement.

Robert Strickland represented the Central Hudson Gas & Electric Corp., in discussion of street lights for the area. There will be 20,000 lumen mercury vapor type on ornamental aluminum poles. The latter will be supplied and installed by the state, Central Hudson will supply and install fixtures, and the city will pay for electricity. Light connections will be underground.

Range to \$9,500

Bids for garbage collection service over the three routes: uptown, central and downtown, were both on a one-year and three-year basis. They ranged from a low of \$8,000 to a high of \$9,500.

Included among the bidders were the three who now hold contracts: Joseph Darwak, 97 Cedar Street, uptown; Byron Gerlach, Brabant Road, Town of Ulster, central; and Andy Buzzanco, 217 Abell Street, downtown.

Asks Bridge Repair

Referred to the city engineer and superintendent was a bid by Alderman William G. Davis, 13th Ward, for repair of a narrow bridge at the entrance of Chapel Street at Wilbur Avenue.

In a resolution introduced at the July 7 Common Council meeting, the alderman noted that the narrow bridge has hampering concrete guard rails which obstruct heavier vehicles, especially fire trucks, into turning from Wilbur Avenue into the street.

The water department was also notified of the bid for repair of the span and of his request for betterment of water line conditions in the area.

Haltermann Is

tion for the Help of Retarded Children, Boys' Club, Boy Scouts, Girl Scouts, Jewish Community Center, Salvation Army, USO, Volunteers of America, YMCA and YWCA.

David Kline, president of the Chest, expressed the thanks of the board to Haltermann for accepting the challenge and pledged full support of the board members.

John D. French of the American City Bureau, Inc., who will serve as campaign counsel again this year, was present and discussed various points in the campaign plan.

Estimates Submitted

Also on Wednesday, the member agencies submitted to the Chest their estimates of financial needs for the year 1960. These were referred to the budget committee for study and will form the basis for setting the campaign goal. Schwenk, budget chairman, said he expected to have his committee's recommendations ready by the August board meeting, scheduled for Wednesday, Aug. 19.

Last year's Red Feather campaign, under the leadership of Richard M. Kalish, raised over \$124,000, the largest total in the Chest's five-year history.

Oldest DAR Member Dies

NEW ROCHELLE, N.Y. (AP)—Mrs. Harlow H. Stafford, 106, believed to be the oldest living member of the Daughters of the American Revolution, died Wednesday.

Her late husband was a Civil War veteran. She was the mother of a Spanish American War veteran and the grandmother and great grandmother of World Wars I and II veterans.

Steel Strike At-A-Glance

By THE ASSOCIATED PRESS

IDLE — A half-million striking United Steelworkers and roughly 20,000 or more employees in allied industries, mostly rail, coal, truck, inland water shipping.

NEGOTIATIONS — No meetings scheduled. Federal Mediation chief Joseph Finnegan plans contact with both sides, but no formal peace moves until Monday.

PICKET FRONT — David J. McDonald, union president, scheduled tour of steel centers to talk with strikers; first stop Bethlehem, Pa.

PRODUCTION AND WAGE LOSSES — Estimated 300,000 tons of steel daily, wage losses estimated at 70 million weekly.

ISSUES — Union wants package increase of 15 cents an hour in one, two or three-year contract, plus retention of present cost-of-living clause. Industry offers one-year extension of expired contract and elimination of what it calls wasteful work practices.

No Early

year contract expired June 30, was extended two weeks until Tuesday midnight at the request of President Eisenhower.

Finnegan said in New York that he is reporting developments directly to Secretary of Labor James P. Mitchell, who, in turn, is relaying the information to the White House. Finnegan planned to return to Washington to arrange the Monday meetings. He added that he might visit Pittsburgh before Monday.

Rejects Board Action

Before the strike began, President Eisenhower had rejected a proposal from the union that a fact-finding board be named to consider the deadlock. He said he lacked the legal authority to do that.

The Taft-Hartley process would involve naming a fact-finding board. After the board reported to the President, he then could instruct the attorney general to seek a federal injunction requiring the strike to end for an 80-day cooling-off period.

McDonald's proposal called for a representative on the board from both the union and industry with a neutral member to be named by Chief Justice Earl Warren.

Serious Deadlock: McDonald told newsmen in New York that the deadlock is "very serious" and he renewed his charge that the industry is trying to "break the union." He vowed that the union would not be broken.

Rockefeller Faces

basement put it this way: "It would be much better to have it and not need it, than to need it and not have it."

Mrs. Jean Graham of Rochester felt the compulsory aspect of the Rockefeller plan was "anti-democratic."

Albert F. Winslow of Goshen, Orange County Civil Defense director, expressed a similar view. He said county residents "should be urged to build shelters voluntarily."

In Oswego, a Republican banker wrote off the shelter proposal as "fantastic."

A Waverly housewife, Mrs. Robert L. Creedon, also wrote it off, though for a different reason: "I am moving to Virginia shortly."

Parents to Meet

tendent of schools, said the meeting will be held in his office at Kingston High School, providing the attendance is not too large. Otherwise, the session will be held in a larger room or office at the high school.

Appearing with the parents committee will be Attorney Arthur B. Ewig of Kingston, who reported Wednesday that petitions with some 4,000 signatures would be presented to the school board asking for reconsideration of the board's action on the school bus situation.

Parents are particularly interested in the safety of children who reside within the one and two mile limits of the schools they attend. Attorney Ewig said his group will produce photographs at the meeting showing some of the spots deemed hazardous to children walking to and from the schools.

New Mexico has more than 30,000 Navaho Indians within its borders.

Says USSR

I believe they have become wiser."

Khrushchev said people accused him of having said that communism would be the gravedigger of capitalism.

"All right, I did say it. But I didn't mean we would take shovels and dig their graves, only that history will inevitably give the victory to socialism — not voluntarily, we must struggle. The more organized working classes of the world there are the sooner that victory will come about."

Compares Bomb Loads

Khrushchev said he had told recent American visitors: "We are stronger than you are. You have no intercontinental ballistic missiles. You send up rockets containing oranges. We send up rockets which can carry several tons. Imagine the size of the bomb that could be contained in our missiles compared to the size which could be contained in yours."

"You cannot equal us." His listeners cheered and applauded. Khrushchev asked himself when will the struggle between capitalism and communism end. He answered:

"When we have unified society all over the world, because all workers have the same interest, the best way to eliminate war is the gaining of power by Communists all over the world."

Babbling Arouses Laughter

Khrushchev looked tired Wednesday night after a swift tour of Silesian towns. He sat quietly at a banquet in his honor after a brief exchange of toasts in white wine.

The dynamic Soviet leader kept to his full schedule Wednesday but had seemed tired and worn on his arrival by train from Warsaw. His speech at the railroad station was faltering and at times incoherent to many listeners.

His stuttering and babbling aroused laughter among the well-dignified covered their faces to hide their mirth.

(Khrushchev's health has been the subject of speculation for several months. Several West German and French newspapers reported in April that he had suffered fainting spells and printed rumors that he was afflicted with a brain tumor, high blood pressure or circulatory ailments.

(Soviet officials brush off all such reports and rumors.)

\$10,000 Cash

The Ulster County Agricultural Society is reimbursed by the State of New York for premiums paid. Should all classes listed be filled, premiums would exceed \$10,000.

In releasing the above information today, C. Chester DuMont, president of the Ulster County Agricultural Society, invited all Ulster County residents to make entries in the County Fair and urged more commercial exhibits to help finance this, the only free fair in New York State.

Egg Market

NEW YORK (AP) — (USDA) — Wholesale egg offerings liberal. Demand spotty. Receipts 14,600. Wholesale selling prices based on exchange and other volume sales.

Butter Prices

NEW YORK (AP) — (USDA) — Butter offerings moderate. Demand quiet. Receipts 844,000. Prices unchanged. Cheese steady. Receipts 80,000. Prices unchanged.

Treasury Receipts

WASHINGTON (AP) — The cash position of the Treasury July 13: Balance \$5,484,829,483.24 Deposits fiscal year July 1 \$1,355,546,764.19 Withdrawals fiscal year \$3,931,019,742.55 Total debt \$287,250,237,964.29

Boating

Today, more people enjoy boating than ever before. And more people are traveling by boats for business and pleasure. Last year steamship advertisers invested over \$4,600,000 in daily newspapers to tell travelers about their accommodations.

Financial and Commercial

NEW YORK (AP) — Rails slumped badly while steels and aircrafts also helped to drag the stock market irregularly lower early this afternoon. Trading was active.

Losses of pivotal stocks ran generally from fractions to about a point.

As the steel strike entered its second day, fears mounted that it may be a long one. The rails reacted on the basis that they would suffer most from a drop in shipments due to the shutdown of steel mills.

Losses of steels and aircrafts were moderate except for Douglas Aircraft which sank more than 3 points after it omitted its dividend.

A scattering of selected issues, some in the lower priced bracket, were briskly traded and higher in response to speculative demand.

Baltimore & Ohio and Chesapeake & Ohio were down about a point each. Jones & Laughlin fell about a point.

Gains of about a point were posted by Phelps Dodge, Anaconda and Kennecott.

Wide gainers lately, Motor Products and Reynolds Metals dropped a couple of points apiece. Chrysler, Goodyear, U.S. Gypsum and Westinghouse Electric were down in the area of a point or so. Goodrich dropped 2.

The Associated Press average of 60 stocks at noon was down 50 cents to \$231.60 with the industrials down 20 cents, the rails down \$1.40 and the utilities down 10 cents. U.S. government bonds edged up.

SAUGERTIES NEWS

Saugerties C. of C Hears Expansion Plans of WGHQ

Expansion plans of local radio station WGHQ, including increase of power to 5,000 watts and change of transmitter site to Port Ewen, were outlined by station officials at the Wednesday night Saugerties Area Chamber of Commerce meeting at Holiday Inn, Route 212, near Pine Grove.

John Lynker, in charge of operations and Harry Thayer, general manager of the station, explained the facility's future plans and method of operation. Lynker said approval by the Federal Communications Commission of the station's application for increased power from 1,000 to 5,000 watts will require the station to move its transmitter at Mt. Marion further south. The purchase of 21 acres of land in the Port Ewen area for the transmitter was announced by Thayer June 19. Lynker explained that as the station is directional, its listening area will be increased to the north.

He emphasized that this is not a move out of Saugerties, and that the station will maintain studios in both Kingston and Saugerties. He assured Chamber members that the identification call letters will include Saugerties and Kingston.

Lynker said the station plans to open offices in the Village of Saugerties and in Kingston.

Thayer explained the expansion program and the station's advertising campaign which will start with a pilot full page ad in The Freeman. He said that as part of the campaign the station will sponsor an essay contest for Saugerties High School students in the fall and will give a tape recorder to the class the winner represents. First and second place winners will each receive transistor radios, he said. Thayer asked the Chamber to conduct the contest and provide judges. WGHQ is part of the Herald Tribune Network originated in August 1958.

In other business, President Myron G. Banks appointed Ben Fein and Ed Feldmann of the parking committee to attend the next village board meeting for a discussion on parking meter violations which when enforced are reportedly hurting business in the village. Fein reported that forgetful out-of-town shoppers when given parking tickets become rate and shop elsewhere. He cited a solution to the problem instituted by Lake George which according to a newspaper account, supplies its police officers with nickels and windshield courtesy cards. The police cooperating with the Lake George Chamber of Commerce feed overtime meters and leave the courtesy cards on the motorist's windshield. The public relations value of the courtesy was cited by Fein in that many motorists mail back the nickels and sometimes even enclose a dollar to perpetuate the project.

Arthur H. London, temporary chairman of the merchant's committee had come to no clear decision, however, most of the merchants have discontinued the Thursday night opening in favor of the regular Friday night store opening hours.

Following a report of the small claims court committee by Nathan Aaron, members voted to go forward with the project to provide such a court for the Town of Saugerties, and the group was authorized to contact Assemblyman Kenneth L. Wilson of Woodstock regarding the necessary legislation. He said that the committee's study showed that most of the lawyers asked, are of the opinion that the present justices of the peace can handle the amount of small claims filed in the township. However, the businessmen want the court as it would be less costly and they would gain relief from the present situation, Aaron said.

Andrew Vozdik, chairman of the industrial committee, reported that Chamber Secretary John Mack Trucks was working on the 16-page brochure layout.

Dr. Irving Dreishpoun presented the complete report of Treasurer Joseph Bosco on the Christmas lighting project. The report listing all funds received and expended will be on file in the Chamber office and is available for inspection by any Chamber member or contributor.

Assembly Day Chairman Vincent Amrod reviewed various phases of the project scheduled August 15 and announced a list of dignitaries who will attend. He said the Exempt Firemen's rooms in the municipal building will be used as the Assemblyman's headquarters for greeting the dignitaries on arrival. The committee will meet Tuesday 8:30 p. m. at Amrod's home on Spaulding Lane.

Mrs. Joan Feldman, social activities chairman, reported on the Miss Saugerties Pageant and listed various functions scheduled for Nancy Misasi, the new Stewart Warner. She said Miss Saugerties will present a silver tray to the winner of the Saugerties Trot at Saratoga Raceway Monday Aug. 10. Those wishing to attend and need dinner reservations at the track must contact Mrs. Feldman by July 27. Mrs. Feldman received permission from the membership to enter the Miss Saugerties float in Kingston's Hudson-Champlain celebration parade on September 12.

President Banks reported the August meeting canceled. The next meeting will be held September 16.

WC Auxiliary Sets Food Baked Goods Sale

A food and baked goods sale will be conducted by members of West Camp Auxiliary of St. Paul's Evangelical Lutheran Church, West Camp, Saturday, July 25 beginning at 10 a. m. in the former Candyland store, Main Street, Saugerties.

Arrangements for the sale were outlined at a recent meeting of the auxiliary held at West Camp parish hall.

Members of the auxiliary and congregation will be contacted to donate homemade bread, rolls, biscuits, pies, baked beans, salads and other items for the sale, according to Mrs. Mary L. Moore, auxiliary president.

M-WC Vols Will Study Exemption Eligibility List

Eligibility for exemption of active firemen was discussed at the Tuesday night meeting of Malden-West Camp Fire Company at West Camp fire station, and an amendment to the by-laws concerning the matter was read.

The matter of eligibility for exemption was brought before the gathering for discussion when it was announced that the names of seven charter members were on a list of those seeking exemption papers this year. The volunteer fire company was formed five years ago, making all charter members eligible by length of service.

The amendment to the by-laws changes the length of service stipulated to include that an active member must have attended at least five meetings per year. The amendment of Article 7 must be read at three regular meetings before it can be adopted.

A committee including Fire Chief William R. Wrolsen, Assistant Chief Emmett Vedder, and Recording Secretary Harold W. Bennett will pass on the eligibility of those seeking exemption papers.

President John J. Helfert appointed Chief Wrolsen to study the possibility of entering a team in the Saugerties Dartball League.

The Vols voted to send the West Camp truck to the Ulster County Volunteer Firemen's Association convention and parade at Rondout on July 25.

In the chief's report, Wrolsen said that hose tests held in Malden and West Camp were successful and well attended. Twenty-eight attended the meeting.

Centerville Vols. Announce Scout Troop Sponsorship

Boy Scout Troop 31 will again be sponsored by Centerville Fire Company, according to plans announced at the volunteers Tuesday night meeting in Centerville firehall.

Twelve boys and leaders were registered and submitted for approval of Rip Van Winkle Council comprising Ulster and Greene Counties. Howard Wittenbecker of Blue Mountain was registered as scoutmaster, and William Tompkins of Mt. Marion Road was signed as institutional representative for the fire company. The scouts will meet regularly Wednesday evenings at the firehall.

Members assembled approved a project to construct a concrete floor in the firehouse boiler room. The work will be done by the firemen.

Chief Cornelius Mower's report read by President William A. Woestendiek listed work of the volunteers attending a fatal traffic accident near the Thruway last week. Mower reported that the company's fire police assisted state police in directing traffic at the scene.

President Woestendiek reported that fire district residents requiring information should not call the company's fire call number. This practice will tie up the line which may be urgently needed in the event of a fire emergency, he said.

The company president said that district residents requiring information may call Chief Mower at his home in Veteran. About 20 members attended.

Rotarians Hear Two Speakers; Welcome Official

Rotary District Governor Harrison Dexter of Poughkeepsie, and State Police Sgt. F. W. Wilfrank of Leeds sub-station addressed the Tuesday night meeting of Saugerties Rotary Club at Katsbaan Inn.

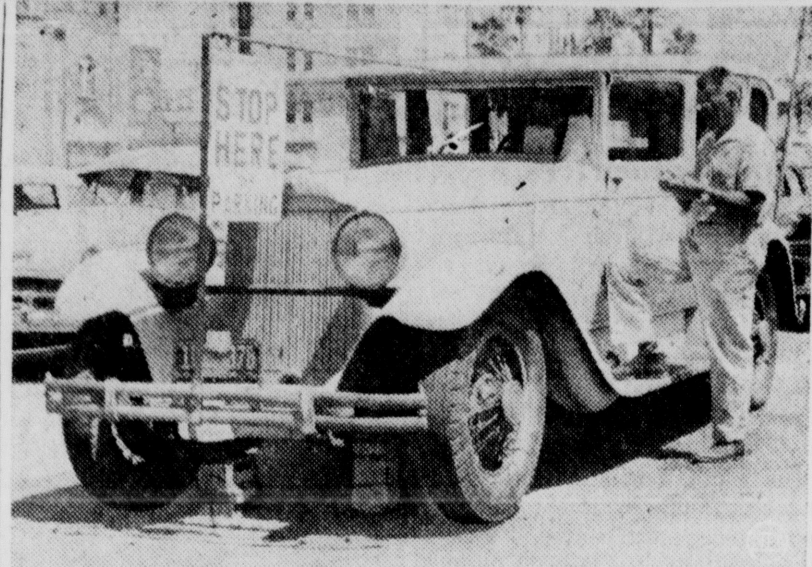

Dexter made his official visit and spoke on the Rotarians' part in fighting communism.

Sgt. Wilfrank addressed the group on safety. He said that most of the highway accidents were caused by pull-outs from side roads and speeding. He told of a number of his experiences on patrol. Wilfrank told of the new law which makes persons throwing rubbish from cars along the highway subject to arrest. Terry Staples, newly installed president, presided and introduced visitors John Scarlett and son, Donald, of Erie, Pa.

Reformed Classis Schedules Family Festival Sunday

The Classis of Ulster is sponsoring its second annual family festival Sunday at New Palz Reformed Church. It will start with a song service at 3:30 p. m. led by Perk Gazley, director of music at Fair Street Reformed Church.

Guest speakers will be the Rev. and Mrs. Lee Crandall. The Crandalls have been missionaries to the natives of South Sudan under the sponsorship of the Reformed Church in America. Last spring they were expelled from the Sudan by order of its government. This has happened

Traffic Control Signals Ordered By State Board

William S. Hults, chairman of the New York State Traffic Commission, has announced the issuance of a permit for installation of a fire signal on Route 213 at its intersection with Maple Street, Esopus, and an order to erect a "stop" sign on old Route 213 at its intersection with Route 213, Town of Rosendale.

The commission has ordered the erection of a "yield" sign on the exit from the Quickway (Greycourt Road), and the erection of a "stop" sign on Sugar Loaf Road (County Road 13) at the intersection with Route 17-M at Chester. Another order of the commission calls for the erection of a "stop" sign on the exit from the southbound roadway of Route 17 at Route 17-M, Town of Wallkill.

A permit has been issued by the commission for portable school signs, including flashing yellow signal indications mounted above each sign on Route 94, 300 feet north and south of the New Windsor School, Town of New Windsor.

The commission ordered the erection of four "yield" signs on the four exit ramps from the Palisades Interstate parkway at Route 59 on Old Route 59 at its intersection with Route 304, Town of Clarkstown, Rockland County. An order also was issued for the addition of green arrows on the north and west faces of the traffic signal located on Route US 9-W at its intersection with Route 59, Nyack, Rockland County.

Conscience Fund Donors Anonymous

The State's general fund was enriched today by \$15 with the receipt of two anonymous contributions to the "conscience fund."

One payment, received in an envelope postmarked Boliver, N. Y., consisted of one 10-dollar bill and two one dollar bills. The other, sent from Utica, was addressed to "State Treasurer, Albany N. Y." and contained three one dollar bills and an unsigned note saying, "kindly put the three dollars in the Treasury Conscience Fund."

Serial numbers of all bills have been noted and the money deposited in the state general fund.

Matter of FACT

Animals native to the Hawaiian Islands are rare. Only one, a small bat, is definitely known to be native. The ancient Hawaiians introduced dogs, hogs and perhaps rats and mice. Sheep, goats, cattle, horses and other animals were brought in after the islands were discovered by Europeans. There are hundreds of bird species, some of which are found only on the islands.

More 4-H Awards Set for Dutchess Fair This Year

Hayden H. Tozier Jr., Dutchess County 4H Club Agent, today made known that more than \$5,750 in cash and numerous trophies and special awards will go to winners who exhibit in the 4H section of the Dutchess County Fair in Rhinebeck, Aug. 28 through Sept. 2.

Among the new special awards this year are a purebred Hereford heifer to be presented by the Hudson Valley Hereford association, and a purebred Guernsey heifer from the Dutchess County Guernsey Breeders' club. The 4H cattle judging schedule includes: Friday, Aug. 28, Holsteins at 9 a. m., Ayrshires at 12:30 p. m.; Saturday, Aug. 29, Guernseys at 10 a. m.; Monday, Aug. 31, Jerseys at 9:00 a. m.; Tuesday, Sept. 1, Baby Beef Show at 9 a. m. and Wednesday, Sept. 2, dairy showmanship at 9 a. m.; and beef

showmanship at 2 p. m. Sheep in the 4H will be judged on Saturday at 11 a. m.

Most other 4H sections will be judged on opening day. These include vegetables, fruits, field crops, handicraft, homemaking, culinary arts, record book, clothing and flower arrangements. The clothing review and fashion show will be conducted at 2 p. m. Sunday.

The fair's 4H section is open only to 4H club members who are

enrolled at the County 4H office, Millbrook, for at least 30 days before the fair's opening day. As an additional safeguard this year to insure that 4H members grow their own produce, the garden section of the premium book stipulates that "all vegetable exhibits must be from 4H home and farm gardens."

Copies of the premium book may be obtained by writing to the 4H office, Millbrook.

Hudson Resident To Arrange Land Tour of Holland

State Senator Ernest I. Hatfield, chairman of the State Commission on Historic Observances, has appointed Joel Epstein, Hudson, president of upstate New York Chapter of American Society of Travel Agents, to direct land travel arrangements for the Netherlands for the state-wide essay winners.

The six high school students, including Janet Marie Dolan, Wallkill Central School, Wallkill, and two teachers who won the contest sponsored by the commission as part of the Year of History celebration, will fly to Holland July 29 via KLM Royal Dutch Airlines for a two-week all expense paid trip. They will return to New York on August 12.

Mr. Epstein, who also is vice chairman of the commission's travel promotion committee, will plan the land travel itinerary in conjunction with Aad Hibbler, of the Holland Land Service Inc.

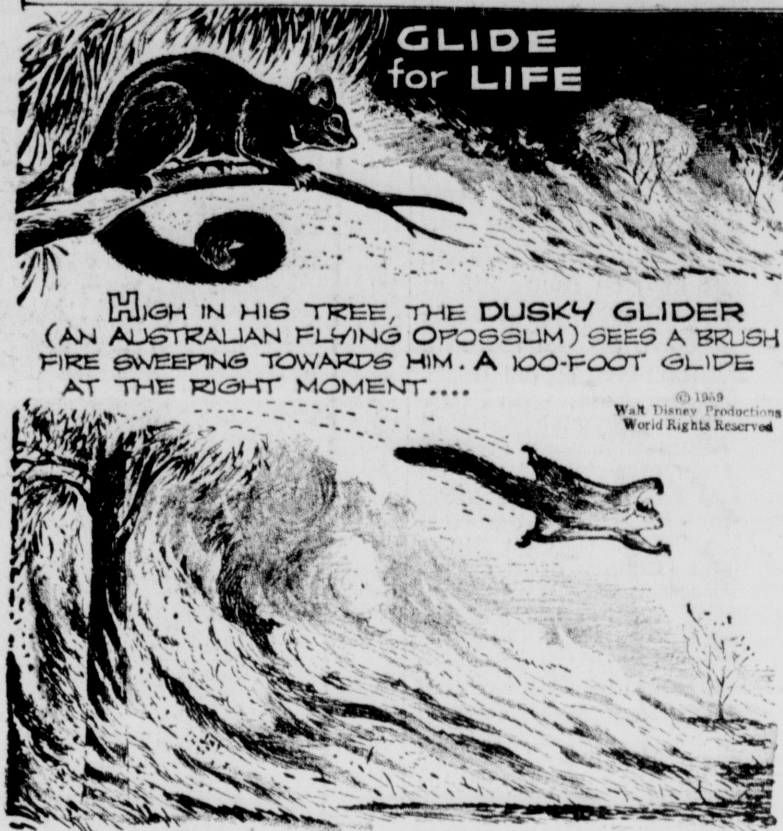

The students and teachers will constitute the second group to visit Holland this year.

Dutch Hospitable

Senator Hatfield himself also headed a delegation of 42 New Yorkers who flew to Holland April 2 from Albany to take part in the special Henry Hudson celebration in Amsterdam.

"We found the Dutch people most hospitable and deeply interested in the part their country played in the establishment of the State of New York," the senator said. "It is our hope that the forth-

coming visit by our state-wide winners will further serve to brighten the friendly understanding which exists between our two countries." Other student winners are, Nancy A. Kunkle, Albany High School; Richard Pincus, Linton High School, Schenectady; Lynda Seeger, Mayfield Central High

School, Mayfield; Maeve Huntley, Morrisville-Eaton Central School, Morrisville; and John Speed, Christian Brothers Academy, Albany.

The winning teachers are Miss Berenice O'Connor, Burnt Hills-Ballston Lake School, Schenectady, and Gilbert Hagerty, Rome Free Academy, Rome, N. Y.

The Shameful Litterbug Problem . . .

Officer in Hammond, Ind., surveys trash tossed out onto the highway by some thoughtless motorist. Not only an eyesore, it's a traffic hazard as well.

Auto litterbugs have turned this country road in Washington into a regular dump. Yearly cost of cleaning up primary highways alone in U.S. is \$50 million.

. . . And the Campaign Against It

Wisconsin paper industry has donated 500,000 litterbags for distribution to service stations.

Fines await motorists in many states who disregard courtesy.

Drivers in Ohio have plenty of notice where to dump trash.

Travel trash barrels at all gasoline stations are one part of Vermont's antilitter drive.

O'Connor Elected Director State Electrical Group

Joseph E. O'Connor of Kingston was elected a director of the New York State Association of Electrical Contractors and Dealers at their convention just concluded at Lake Placid. Mr. O'Connor will represent District 5 which includes the mid-Hudson counties of Dutchess, Columbia, Greene and Ulster.

Officers of the Association elected at the convention were E. G. May, Albany, chairman of the board; Herbert F. Janick, Rochester, president; Harold A. Webster, New York City, 1st vice president; John M. Smith, Cohoes, 2nd vice president and

secretary; Raymond J. Knoblock, Syracuse, treasurer; John P. O'Brien, Yonkers, financial secretary.

A. Lincoln Bush, New York City, is chairman emeritus and Albert A. A. Tuna of New York City was elected as honorary director.

Speakers at the convention dramatically presented facts and figures to show the optimistic outlook for the future growth and expansion of the electrical industry in this country. Planned projects for new shopping centers, office and public buildings, the all-electric home and modernization call for a \$500 billion construction and \$250 billion maintenance and modernization market during the next 10 years. The electrical share of this vast potential is placed at \$108 billion.

Can't Single Out One Nationality In Crime Empire

WASHINGTON (AP)—The U. S. attorney general says he knows of no nationwide crime ring "consisting solely of criminals of any particular national origin."

The declaration by William P. Rogers did not mention the Mafia, but that organization is basically the issue.

The questions is whether the Mafia, an Italian underworld organization, runs a criminal empire in this country.

The Italian Sons and Daughters of America has been conducting an anti-defamation campaign on behalf of Americans of Italian extraction who are embarrassed by publicity from various crime investigations in which the name of the Mafia has figured.

The most prominent of these has been the probe into the Apalachin, N. Y., gangland convention in November 1957.

Sons, Kenneth B. Keating (R-NY) and Hugh Scott (R-Pa) asked for Rogers' opinion in the matter. They also asked his help in avoiding "blanket indictments of people because of race, religion or national origin."

They made public Rogers' reply Wednesday.

The attorney general said Justice Department officials were aware of their responsibility "not to make statements which would result in blanket indictments of

any people because of race, religion or national origin."

After Arthur L. Reuter, former state investigation commissioner, investigated the Apalachin meeting, he issued a voluminous report on the backgrounds of those attending. He said that half of the approximately 60 persons were native-born Americans. The other half were born in Italy, the majority in Sicily. Twenty-five of the Apalachin delegates were related by blood or marriage, he reported.

The declaration by William P. Rogers did not mention the Mafia, but that organization is basically the issue.

The questions is whether the Mafia, an Italian underworld organization, runs a criminal empire in this country.

Town of Esopus Coaster Derby Race Draws 750

The coaster derby held in Esopus Wednesday night as part of the Town of Esopus Festival Week was witnessed by approximately 750 spectators.

The race was held on the Main Street hill in Esopus with the finish line at the intersection of Parker Avenue. Races were run off in a series of heats. First place award went to Karl Wikane of Stone Ridge whose entry won all races entered. Second place award went to James Krom, also of Stone Ridge. Third place was won by Nancy Kurtz of Esopus, the only girl entry in the derby.

After the racing part of the derby, all coaster autos were lined up at the finish line to choose the best looking entry. The judges picked the coaster auto entered by Gary Frost of Port Ewen for first place. Second place went to Nancy Kurtz. In addition, eight consolation awards were presented.

Chairman of this event was Norman Good of Esopus. Good is also a general member of the Town of Esopus Hudson-Champlain Committee. Judges were the Town of Esopus Justices-of-the-Peace Allan S. Dargie and John O. Beaver.

Following the derby, a dance was held at Sacred Heart Church parish hall in Esopus. Music was by records and refreshments were served.

Barge Traffic Halts

WATERFORD, N. Y. (AP)—Through traffic on the State Barge Canal was at a halt here today while workmen repaired a damaged lock gate.

The State Public Works Department closed the waterway Wednesday when it discovered a crack in the 65-ton gate. The lock was drained and a cofferdam set up.

The department said it expected to complete the repairs by Sunday.

Normal operations are continuing in the canal east and west of Waterford, which is near Troy.

Wants Rail Stations

NEW YORK (AP)—An Atlanta real estate developer says he will exercise his option to purchase New York Central Railroad stations at Buffalo, Syracuse, Rochester and Cleveland.

Robert Holder obtained his option last January. He announced his intentions Wednesday.

Law Forbidding It Unlikely

Big Industry Tieup No Longer Truly Private

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — Each time a strike occurs in an essential industry affecting the whole economy—as now in steel — this question comes up:

Are we reaching a point where the government—meaning a majority of the people—can no longer permit and must forbid a strike in such an industry?

A strike in any industry was pretty much a private affair years ago when the government's revenue needs were smaller and the various people, plants and industries were far less interdependent than now.

Could Afford Many

But the American society is now highly complex and interdependent. A strike in one big industry can send out waves that splash thousands of workers, hundreds of businesses, and maybe drown many of them.

For example: This steel strike comes at a time when the nation is recovering from last year's slump. If it's short, it won't do much damage. It will do a lot if it lasts long.

If the strike continues long enough, other industries will use up their steel supplies and have to close, throwing many thousands out of work.

As their income—and the pro-

fits of their shut-down plants—are cut off, the national Treasury will suffer from loss of income tax revenue just when it is badly needed.

Thus a steel strike — unlike a strike in any industry in years past—is no longer truly private. It already affects and, if it lasts long enough, could paralyze a broad part of the national economy.

Political Dynamite

But individual rights—the right of employees to quit a job and of an employer to shut down his plant—and the right of both sides to work out their wages and profits must be balanced against the general welfare.

Thus the question: Is the President in the near future likely to propose or Congress to approve a law forbidding a strike in an essential industry? Very likely not.

It would be political dynamite. Both unions and employers want a minimum of government interference. If the government through law could forbid a strike, it would almost certainly then impose compulsory arbitration.

This means that arbitrators appointed by the government would listen to both sides and give an opinion both sides would have to accept. If the government did that, out of justice it probably would have to do more.

In the end it would probably

have to step in and regulate both wages and prices, which would mean regulating profits too. That would be true governmental control. Eventually it might have to take over the industry.

In 1947 Congress foresaw the national danger of a big strike some day when it passed the Taft-Hartley Act. But still, while providing machinery for stalling off a strike, Congress stopped short of forbidding it altogether.

That law lets the President prevent a strike for 80 days while efforts are made to get both sides to reach agreement. But, after the enforced delay, the strike can go on.

Industry Output Zooms

WASHINGTON (AP) — The nation's industrial production boomed to a record high in June.

The Federal Reserve Board reported the total output from mines, mills and factories was 155 per cent of the 1947-49 average. This was 2 points above the revised figure for May.

The recession low was 126 in April 1958, the prerecession high was 146 in February 1957.

Retail sales remained at a record high, 3 per cent higher in the second quarter of the year than in the first quarter, and 10 per cent above a year earlier.

The board's monthly report said the output of autos, household durable goods and most types of business equipment continued to expand.

Steel production dropped to 90 per cent of capacity—3 points below the May rate—as operations were affected by the approaching end of the steelworkers' contract. Most of the industry is now being struck by the United Steelworkers.

To Open Service

Village to Fix Streets Cut Up By Water Project

Saugerties Village Board of Trustees at a special meeting Wednesday night heard that the southside water main installation has been completed, and announced it will assume the contractor's responsibility for replacement of torn up streets if an adjustment is made in the project contract.

Mandeville Diaz, acting superintendent of Saugerties Water Department said the Ulster County Board of Health had taken a specimen test and the results are expected today or tomorrow. As soon as approval is received, valves on 4,160 feet of newly installed 10-inch water main on the southside of the village will be opened to connect it to the main village water line. The installation is also expected to provide increased pressure to consumers in Glasco Water District fed from southside mains.

The Village Board, Morrell Vrooman, engineers of Gloversville retained by the board, and Benny Lombardi, contractors of Highland will confer on a contract adjustment figure for replacement of torn up streets at the August 3 meeting of the board.

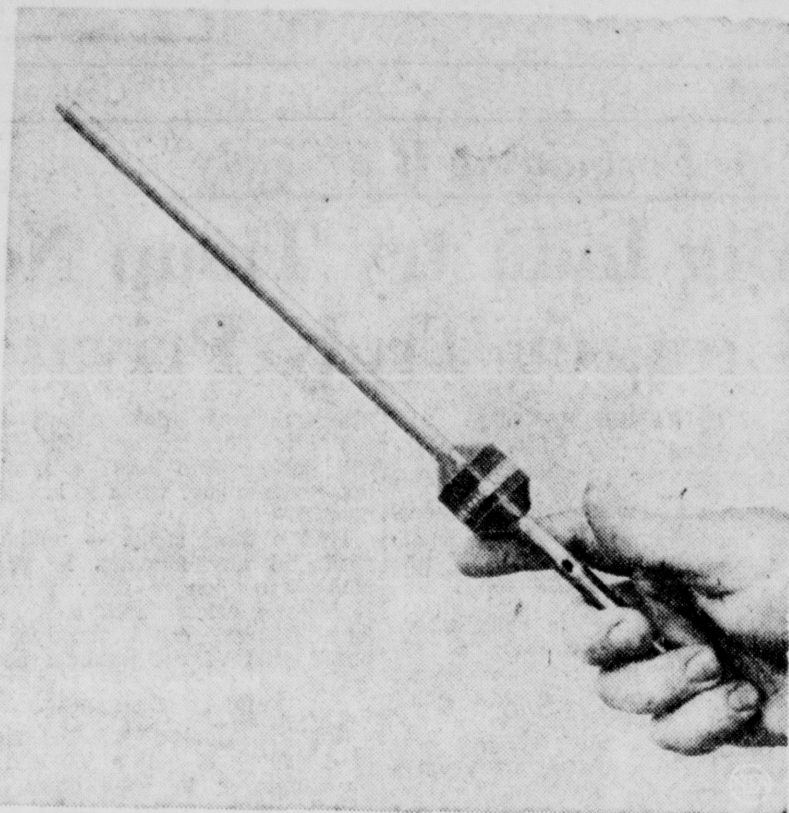

At the July 6 meeting, the board registered extreme dissatisfaction with the results of the water project. Diaz reported that there were two split sections of pipe and three bad joints, all causing leaks. These were reported corrected by the Lombardi firm and passed recent pressure tests, he said.

In other business at the meeting last night the board appointed William Robinson of Flatbush as caretaker for Seamon Park replacing Richard Sweeney who resigned to seek employment elsewhere.

Middle-Aged Jurors

PEORIA, Ill. (AP)—Middle-aged women are becoming the backbone of the jury system in Peoria. Mrs. Gwendolyn Addy, chief clerk of the Peoria County Jury Commission, says women whose children are grown make the most "stable" selections. Men seldom can afford to make the financial sacrifice at \$7.50 a day. Younger women with children cannot give the time, she says.

DIG THAT CRAZY SHOVEL!

SUBMINIATURE RADIO—This wandlike object is a tubeless, transistorless miniature radio communication transmitter. The tiny experimental GE device measures less than an inch in any direction. Protruding from radio is an antenna and handle.

DIG THAT ELECTRONICS!—All by itself, a shovel breaks ground for a new GE plant in Lynchburg, Va. A miniature transmitter radio was used to send a signal to the spot where the ground was broken, springing the shovel into action.

Free Band Concert Is Festival Week Feature at Esopus

The sixth daily event to occur in the Town of Esopus Festival Week will be a free band concert scheduled for Friday night at Ross Park in Port Ewen.

The concert is being sponsored by the Town of Esopus Lions Club and will start at 7:30 p. m. During the intermission awards will be given to the winners of the school essay contest held earlier in the year.

Music by Local 215

Music for the concert will be provided by a 35-piece band furnished through the courtesy of the Musicians' Protective Union, Local 215, of Kingston. The concert is made possible through the transcription fund of the union. The Town of Esopus Lions Club has made all of the arrangements necessary for the concert.

In the essay contest conducted during the spring among the school children of the township on local history, six first place winners were selected. In addition, 26 others were selected for

honorable mention.

The first place winners are Barbara Maynard of Port Ewen; Lois Gerlach of New Salem; Susan Van Aken of Ulster Park; Deborah Markle of Union Center; Barbara Palmer of Rifton and Robert Katcher of Rifton. Cash awards will be made to the first place contestants. The 26 honorable mention winners, as well as the first place winners, will receive a copy of the book "The Hudson" by Carl Carmer.

To Make Awards

The awards are scheduled to be made by Supreme Court Justice Roscoe V. Elsworth, honorary chairman of the Town of Esopus Hudson-Champlain fete. Chairman of the school essay contest was Robert Graves, principal of the Port Ewen school. The band concert arrangements were made by Vernon Frost, who at the time they were made was president of the Town of Esopus Lions Club. Both Graves and Frost are members of the Town of Esopus Hudson-Champlain Committee.

National Advertising

In 1958, 1,512 national advertisers each invested over \$25,000 in daily newspapers to advertise 3,784 products. The largest newspaper advertiser invested over \$34,000,000 last year.

CS Exam Listed For Operator of IBM Key Punch

An open-competitive examination for Key Punch Operator (IBM) will be held by the Ulster County Civil Service Commission at a date to be announced by the commission. The last date for filing applications is August 7. At present there are two existing vacancies and the list will be used to fill future vacancies. Starting salary is \$2,880. Candidates must have been le-

gal residents of Ulster County for at least one year immediately preceding the examination date.

The duties are to operate, under supervision, an automatic key punching machine, and to perform routine clerical work as required. Minimum requirements are: Minimum training, six months of experience in the operation of a combination type (alpha-numeric) IBM key punch machine or completion of a satisfactory training course in key punch operation on the combination (alpha-numeric) IBM key punch machine; and of the additional requirement of any of the following: graduate from a

Shokan

SHOKAN—Mr. and Mrs. Paul Estes, New York, were local callers Sunday. The couple have a summer place on Route 212 near Willow.

Robert and Duane Winnie have a contract to erect a large prefabricated factory plant in the Danbury, Conn., area. The one-story building is of insulated steel construction.

Harold Bibbo was in Shokan Sunday. The Old Hurley authority on antique firearms has made a trip to San Diego and Los Angeles since he was here last time.

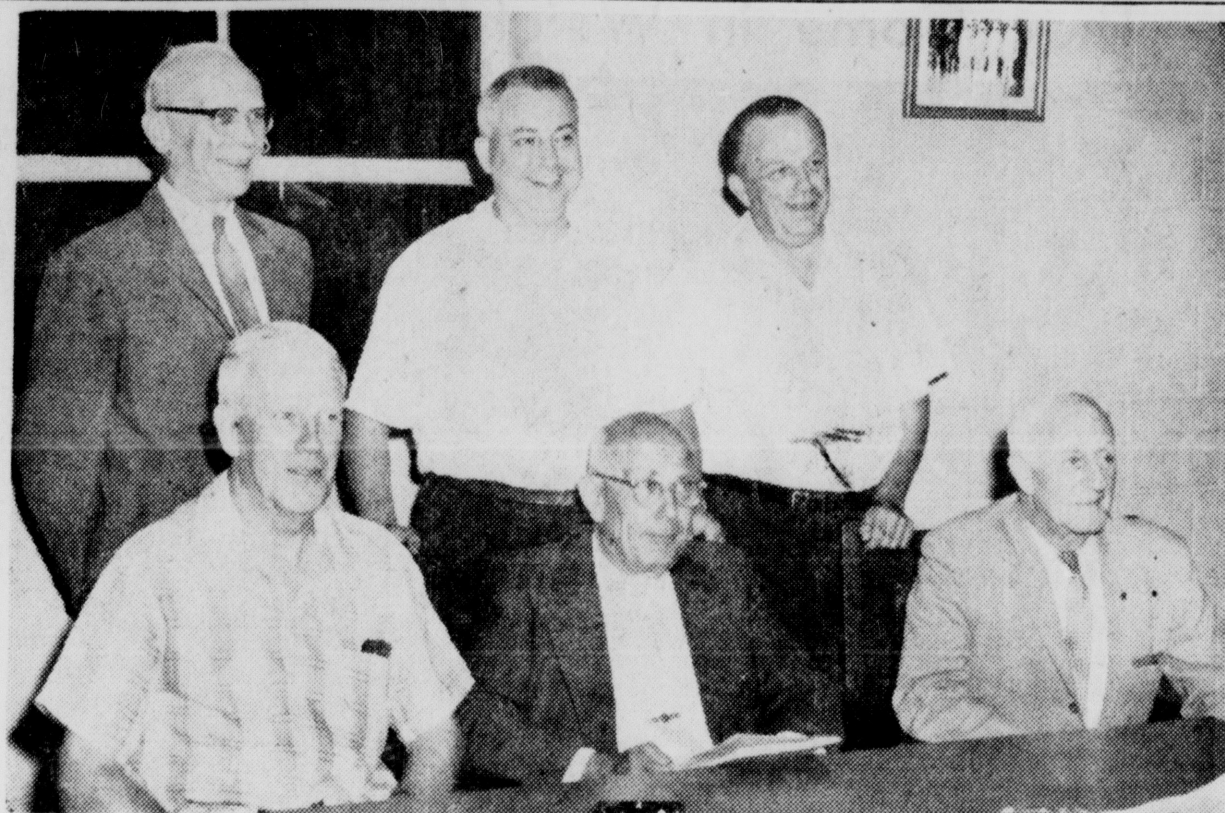

Also in town Sunday was Roy Winchell, Poughkeepsie man, whose father, Elmer Winchell, and uncles Foster and John, resided at Lomontville. He was accompanied to the reservoir country by Dr. and Mrs. George L. Stringham and Idabel White of Hopewell Junction.

Southern Ulster folk here

Tuesday included Mr. and Mrs. Walter Hasbrouck and Mrs. Abel Quick, New Paltz. They are having a part in arrangements for the forthcoming Old Stone House Day, Aug. 1, when nine of the historic Huguenot buildings will be open to the general public.

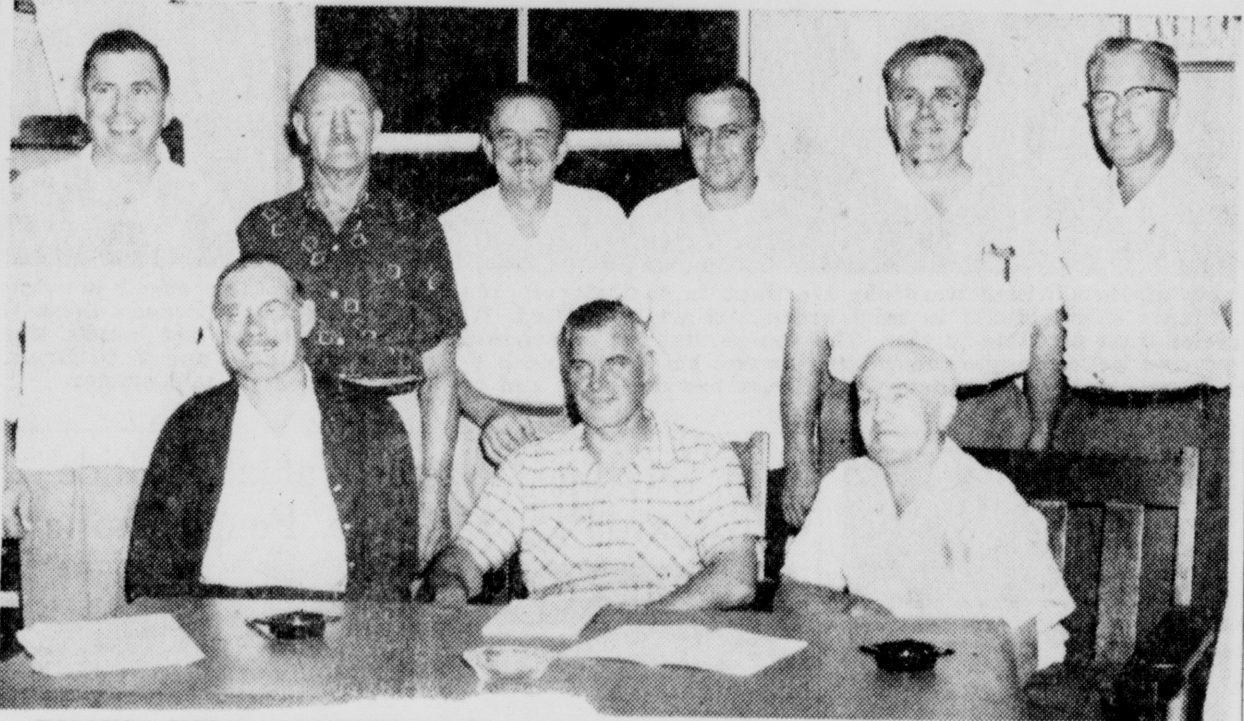

Stanley Winne who died July 8 at Eaton, Colo., was brought up in West Shokan and for several years in post-waterworks days resided in the new village of Ashokan. The second son of Abner D. and Grace Hoyer Winne was also a grandson of Irwin P. Winne, who had been a drummer boy in the Civil War and was Shokan's youngest veteran of the great fratricidal struggle.

Dr. Arnold R. Broggi and family who have opened their Wittenberg summer place for the season, were Shokan callers the latter part of the week.

COUNTY COMMITTEE PLANNERS—The board of directors of Ulster County Volunteer Firemen's Association met with the Rosendale committee planning the three-day firemen's convention in that community July 23 to 25. They are (l-r) seated, Edward Mains of Port Ewen; Adam Ulrich of Wallkill, and Morton Finch of

Kingston; standing, Henry DuBois of New Paltz, treasurer; Lee Keator of New Paltz, and Fred C. Harder of Kingston, association secretary. Friday, July 24, at 8 p. m. officers will be elected at Tillson Firehouse. On Saturday the annual vote parade will start at 5 p. m. (Freeman photo).

DISCUSS VOLS CONVENTION—The committee for the 1959 three-day Ulster County Volunteer Firemen's Association to be held in Rosendale, July 23 to 25 met Wednesday at Rosendale to discuss preparations for the event. They are (l-r) seated, Arthur Hahn, association president; Arthur Mulligan, convention chairman, and Michael Doria, publicity;

James Hicks, parade chairman; Gustave Backert, convention treasurer; Herbert Faurer, tickets; Town Supervisor George Mollenhauer of Rosendale, decorations, and Ernest Alberg, association vice president. The convention opens Thursday 6 p. m. with a ham dinner served at Rosendale Reformed Church, Main Street. Entertainment will be presented at Tillson School at 8 p. m. (Freeman photo).

Police Beef Up Force in Harlem

NEW YORK (AP)—Police Commissioner Stephen P. Kennedy has moved quickly to beef up the police force in Harlem and warned against potential race riots there. He said such a riot could be more destructive to community

relations than an atomic bomb. Kennedy also moved in reinforcements to other areas of the city populated mostly by Negroes. The police commissioner said in an interview Wednesday that increased tensions among New York's big Negro populace has resulted from things over which the police have no control—housing, schools, and other economic and social factors.

"Tensions, because of these conditions, build up and the police are made the scapegoats," he said. Eighty-eight extra policemen moved into Harlem, and an undisclosed number into the Bedford-Stuyvesant section of Brooklyn, South Jamaica in Queens, and the East Bronx.

The action followed a near riot Monday night when two white policemen arrested a woman of Puerto Rican and Italian descent in Harlem. When an angry crowd gathered, a pistol carried by one of the policemen accidentally discharged and slightly wounded both policemen.

The snarling crowd, sensitive to rumors of police brutality, didn't

Second Vermont Man Held in Auto Ring

BURLINGTON, Vt. (AP)—A second Vermont man was arrested Wednesday by FBI agents in connection with an international stolen car ring. William Maynard, 40, North Ferrisburg used-car lot owner, was charged with being instrumental in transporting stolen cars from Montreal to North Ferrisburg. He was released in \$1,000 bond.

Urban E. Desmarais, 42, a Richmond garage operator, was arrested on a similar charge Monday. Four Canadians also have been arrested.

disperse until middleweight boxing champion Sugar Ray Robinson, a Negro, asked them to.

The woman, Mrs. Carmella Cavaglione, 22, later said through her attorney that there had been no brutality involved. Mayor Robert F. Wagner has ordered Kennedy to make a complete report on the trouble.

Oswego Rehires 15 Longshoremen, Boosts Are Barred

OSWEGO, N. Y. (AP)—Fifteen longshoremen, fired after they walked off the job two weeks ago at the city-owned grain elevator, responded to a City Hall call to return to work today. They were immediately rehired.

Under terms of the state's Condon-Wadlin Act, which forbids strikes by public employees, the men will be barred from any pay increases for three years and placed on probation for five years.

Sought 20 PC Hike
The 15 had sought a 20 per cent wage increase. This was rejected by the Oswego Port Authority as unrealistic.

However, the authority will recognize for collective bargaining purposes any representative designated by a majority of the workers in an election.

Clark Morrison III, authority chairman, said he would meet with the men Monday to discuss an election.

The authority fired the longshoremen after they walked off their job July 2. The elevator has been closed.

The authority had refused to recognize the International Longshoremen's Union as bargaining agent in the present dispute. The authority said the 15 had "allowed themselves to be led into impulsive action by an out-of-town organizer."

Swipe at Organizer
This was a swipe at Edward V. Mahoney of Buffalo, a representative of the Longshoremen's Union who came to Oswego during the dispute.

The men were dissatisfied over a contract that went into effect June 1. Wages were increased an average 18 cents an hour, but sick leaves and vacation time were cut.

They now earn an average \$2.05 an hour. The authority said the moves were necessary because of a sharp drop off in business at the elevator, largely because of the opening of the St. Lawrence Seaway.

Births

The city registrar recorded the following births:

July 6—Ruth Ann to Mr. and Mrs. Clarence Austin Kidney, Costa Farms, RD 1, Wallkill.

July 7—Allan Dale to Mr. and Mrs. Harvey Terpening, 150 Clinton Avenue.

July 8—Martin Andrew to Mr. and Mrs. Harry Gustav Anderson, 23 Janet Street, and Penny Jean to Mr. and Mrs. William John Nickerson, 23 Hemlock Avenue.

July 9—Drew David to Mr. and Mrs. Joseph Erickson, 7 Old Wiltchree Road, Town of Woodstock.

July 10—Scott Roy to Mr. and Mrs. Norman Serinsky, 48 Clifton Avenue.

Miss Mary F. Weeks And Lawrence Snyder Are Married July 11

Miss Mary F. Weeks of 277 Albany Avenue, formerly of Shokan, and Lawrence Snyder of 116 Franklin Street, were married in St. Paul's Lutheran Church Saturday, July 11 at 7:30 p. m., by the Rev. Olney E. Cook, pastor.

Baskets of white hydrangea decorated the front of the church, and white majestic daisies were on the altar. Miss Marion Marquart was organist and Mrs. Mary Cahill, soloist.

The bride was dressed in blue nylon with accessories to match. She was given in marriage by her father, Fred Weeks.

Miss Loraine Haver of Allaben was maid of honor and was dressed in cream lace with pink accessories.

After a reception at Aiello's Restaurant, Kingston, Mr. and Mrs. Snyder left for a wedding trip to Atlantic City.

Necklines Are Subject Of Cassini for Press In Fall Fashion Talk

By DOROTHY ROE
Associated Press Women's Editor

NEW YORK (AP) — Sometimes a girl can look more enticing in a high-necked dress than in one slashed for maximum exposure, says Oleg Cassini, reviewing his fall collection for members of the national fashion press.

Just to make sure, however, he shows necklines in two extremes—either high turtlenecks or plunging as low as the law allows.

The high-necked versions usually are fitted to reveal every curve of the figure, an effect of which Cassini is highly in favor. A new interpretation of the white tie—without tails—is his dramatic black velvet evening sheath, long tight and devastating, with white satin bow tie worn in a new position—at the bosom.

A highlight of his collection is a snugly fitted gray wool sheath with black turtleneck dickey and an asymmetric neckline below. This one he calls "Scotch and Soda."

Ben Zuckerman, known for upper-bracket suits and coats, shows severely man-tailored suits with easy fit, and sparks them with fur "gimmicks"—his word for small ascots, of mink, leopard or ermine. The suits are shown with mannish derbies or fedoras, usually in colors to match the suits.

In 1939 President Roosevelt gave a "hot dog" picnic for the King and Queen of Great Britain at Hyde Park.

They Come in Weightless Fabrics

Midsummer cottons that add new life to a wilted wardrobe are these in cool colors and weightless fabrics. Classic sheath (left) in mint green and white gingham is banded in white eyelet from neckline to hem. The top is slightly bloused above a slim skirt. Dress-and-jacket costume in printed dacon batiste (center) is perfect for summer travel, ideal for business wear. Dress has cap-sleeves and wide boat neckline edged in white pique. Skirt is permanently pleated. White dotted Swiss afternoon dress (left) is printed all over with yellow rosebuds. Full skirt has lace inserts. The lace is also used as trim for the deep V collar. These are R and K Originals. Such fashions keep you both cool and pretty in the heat of midsummer.

MR. AND MRS. WALTER P. LETUS
(Johnstone photo)

Marlene Joan Howland and Walter P. Letus Exchange Vows at Woodstock Church July 12

The double ring nuptials of Miss Marlene Joan Howland of Shady and Walter Peter Letus of Kingston were performed Sunday, July 12, at the Woodstock Methodist Church by the Rev. W. B. Grossman.

Traditional wedding selections were played by Mrs. Richard Jeffrey, organist. Mrs. Harry Kennedy sang "I Love You Truly and Because. Bouquets of white flowers decorated the church and family pews were marked with white satin bows.

The bride, daughter of Mr. and Mrs. Barnett E. Howland of Shady, was given in marriage by her father. She was attired in a rose point lace gown styled with a molded bodice, long sleeves tapered to points over the wrists and a scoop neckline outlined with hand clipped medallions embroidered with iridescent sequins. Her bouffant skirt was floor length with a sweep train. A bridal crown of seed pearls and iridescent sequins secured the chapel length French illusion veil. She carried a prayer book with white orchid and showers of swansonia.

Matron of honor was Mrs. Ralph Sottile of Kingston, cousin of the bride. She was gowned in maize silk organza with an embroidered waltz length skirt and wore a matching crown of nylon braid with a circular tulle flirtation veil. She carried a plateau basket of mixed flowers.

Bridesmaids were Miss Joan Howland, Oneonta, a cousin of the bride and Mrs. Lorin Clearwater of Kingston. Their gowns of Nile green and bonbon pink silk organza were styled identically to the honor attendant. They carried plateau baskets of yellow flowers.

The flower girl, Carol Krum of Shady, wore a pale blue organza gown sprigged with pink rosebuds, fitted bodice, butterfly bow at the back and a full hooped skirt. She wore a matching crown and carried a nosegay of pink and white carnations.

Best man was Lorin Clearwater of Kingston. Robert Gregory of Hurley and James Clearwater of Kingston were ushers. Brother of the bride, Barnett Howland Jr. was ringbearer.

Following the ceremony a reception was held at Rolling Acres Inn, Glenford.

For a wedding trip to Florida, Mrs. Letus chose a peacock blue print sheath with matching jacket and white accessories. They will reside at 87A Fairmont Avenue, upon their return.

A graduate of Ontario Central School, Mrs. Letus is employed by IBM, Military Products Division.

Mr. Letus, son of Walter Letus of Kingston and the late Mrs. Letus, attended Yonkers schools and is a graduate of Saunders Technical Trade School. He is employed by Toni-Lynn, Kingston.

Miss Mary Lou Holze of Wallkill Is Bride Of Richard P. Reynolds Jr., Poughkeepsie

MR. AND MRS. RICHARD P. REYNOLDS JR.

Miss Mary Lou Holze, daughter of Mr. and Mrs. Harry Holze of Wallkill, and Richard P. Reynolds Jr. of 49 Forbes Street, Poughkeepsie, son of Mr. and Mrs. Richard P. Reynolds Sr. of Fort Meyers, Fla., were married by the Rev. Walter N. Van Popering in a double ring ceremony at the Wallkill Reformed Church at 2 p. m. Saturday, July 4.

The church was decorated with white gladioli and blue delphinium baskets. Mrs. Arthur Fox was the organist and J. Palmer Henderson, soloist.

Given in marriage by her father the bride wore a floor length gown of Chantilly lace and tulle with a Queen Anne collar setting off a fitted bodice of lace over satin, which led into a full tiered lace and tulle skirt. Her headpiece of lace, sequins and pearls was a Juliet type, held to a hand rolled fingertip French illusion veil. She carried a colonial bouquet of white roses and baby's breath.

Mrs. Gary E. Schmidt of White Plains was matron of honor. She wore a ballerina length gown of white nylon organza over blue chrysanthemum tulle with a blue cummerbund and bustle back. She wore a white nylon crown, white gloves and shoes. Her flowers were a colonial bouquet of white mums with white leaves.

The bridesmaids were Joy E. Hemmingway of Newburgh and Virginia Cooper of Wallkill. They wore gowns similar to the matron of honor and their bouquets were colonial with blue and white mums and blue leaves.

Kathleen Ross of Kingston, dressed in a white nylon dress and carrying a basket of blue and white mums was the flower girl and Mark Ross also dressed in white was the ring bearer.

Russell Holze of Wallkill, a brother of the bride, was best man. Ushers were Robert E. Ross of Kingston and S. Franklin Reynolds, a brother of the groom, from Fort Meyers, Fla.

The mother of the bride wore an ice blue sheath dress of crepe with a lace bodice and a matching jacket with white accessories.

Odell-Boe Nuptials

Airman Third Class and Mrs. Eugene Charles Odell are making their home at 315 Fourth Avenue, N.W., Minot, N. D., where he is stationed at the Minot Air Force Base as an observation towerman.

The couple were wed May 16 at the Minot Veterans Chapel. The bride is the former Carol Boe, daughter of Mr. and Mrs. Theodore Boe. For her wedding she chose a white net gown with matching jacket and blue slippers and carried blue and white pompons.

Airman Odell, son of Mr. and Mrs. George Lester Odell of 128 Tremper Avenue, is a 1958 graduate of Kingston High School. Mrs. Odell is a graduate of Minot High School and is a secretary at All State Insurance Co., Minot.

MR. AND MRS. CLARENCE K. LIGHT
(Photo Workshop photo)

Miss Donna Mae Baker of Rosendale Is Bride Of Clarence K. Light; Are Wed on July 11th

Miss Donna Mae Baker, daughter of Mr. and Mrs. Sterling Baker of John Street, Rosendale, and Clarence K. Light of Jonestown, Pa., were united in marriage at Old Dutch Church Saturday, July 11, 9 a. m. Mr. Light is the son of Mr. and Mrs. William Nye of Jonestown, Pa.

The Rev. Arthur E. Oudemool, pastor, officiated at the double ring ceremony.

Given in marriage by her father, the bride wore a floor length gown of Chantilly lace and nylon tulle over chiffon taffeta, styled with a sweetheart neckline and long sleeves tapered to points over the wrists.

The bouffant skirt was fashioned with a nylon tulle apron and trimmed with lace medallions. Her fingertip veil of silk illusion was caught to a coronet crown trimmed with pearls and sequins. She carried white roses.

Miss Eleanor Baker of Rosendale was maid of honor for her sister. She was attired in a lilac flowered gown of nylon over tulle and taffeta. Her headpiece, a coronet crown trimmed with sequins, secured a fingertip veil

of silk illusion, and she carried lavender snapdragons.

Ronald Decker of Albany was best man and Alan Gerry of Liberty, usher.

A wedding breakfast for 40 guests was held at the Governor Clinton Hotel. Tables were decorated with white gladioli. Guests attended from Kingston, Beacon, Liberty and Ithaca.

Following a cruise to Bermuda, Mr. and Mrs. Light will make their home at 130 Lucas Avenue.

For traveling the bride wore navy blue silk gabardine dress and bolero trimmed with Chinese red and red accessories.

A graduate of Kingston High School, Mrs. Light is employed by John Larkin, attorney.

Mr. Light is a graduate of Jonestown High School and Capitol Radio and Engineering Institute, Washington, D. C., where he received electronics and engineering degrees. He served as second lieutenant with the U. S. Army Air Force in Washington, D. C.

Claims TV Focused Camera Gets Best Sunspot Picture

MINNEAPOLIS (AP)—An astronomer who focused his sun-shooting camera by television more than 15 miles away proudly proclaimed Wednesday night he got the best picture ever taken of a sunspot.

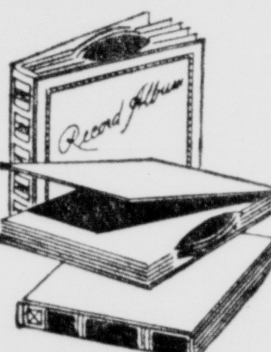

Dr. Martin Schwarzschild of Princeton University displayed a well-defined photograph of a sunspot 25,000 miles in diameter.

The picture was one of 8,000 taken by an automatic camera carried more than 80,000 feet into the air by a plastic balloon last Saturday. The telescopic camera was focused by remote control, using an air-to-ground television system to let ground crews see what the camera's eye saw.

Dr. Schwarzschild said the pictures gave scientists a new idea of the effects of the great magnetic fields surrounding sunspots, of solar explosions.

He said temperature variations within the strong magnetic field were not as great as previously thought. The variations are between the hot gases pouring away from the sun and the cooler gases falling back into it.

Miss Shirley Eleanor Moak, William Kelly Are Wed at Presentation Church July 11th

MR. AND MRS. WILLIAM F. KELLY

The double ring nuptials of Miss Shirley Eleanor Moak and William Francis Kelly were performed Saturday, July 11, at Church of the Presentation, Port Ewen, by the Rev. James Kelley, CSSR, pastor.

The bride is the daughter of Mr. and Mrs. Charles Moak of Rensselaerville and Mr. Kelly is the son of the late Mr. and Mrs. William Kelly.

Soloist John Amarello sang Ave Marie, Mother Beloved and Panis Angelicus. Diana Maurer was organist. The church was decorated with white gladioli.

Given in marriage by her brother Perry Melvin Moak of Voorheesville, the bride wore a silk organza gown fashioned with a fitted bodice, abbreviated sleeves and a bouffant circular skirt terminating in a chapel train. Her French illusion veil was shirred to a queen's crown of waxed orange blossoms.

Mrs. Frederick Davis of Kingston, sister of the bridegroom, was matron of honor. She was attired in a gown of pale aquamarine silk organza fashioned with a fitted bodice, cinched neckline and a full floor length skirt. She wore a picture hat of shirred tulle.

Flower girls Susan Moak, niece of the bride, and Jo Ellen Giles were both gowned in floor length pink silk organza with embroidered bodice.

Thomas LeRoy Hughes of Kingston was best man with

Loring Moak of Rensselaerville, brother of the bride, and Walter Baschnagel of Kingston, as ushers.

A reception followed at Ye Nieuw Dorp, Hurley.

For a wedding trip to Bermuda, Mrs. Kelly chose a flower print sheath dress with matching jacket and white accessories. Upon their return, the couple will make their home in Port Ewen.

A graduate of Greenville Central School, the bride is employed by IBM, Kingston. Mr. Kelly is a graduate of Kingston High School and is employed by IBM.

Accord Man Named To Alfred's Dean List

Roger H. Anderson of Accord was named to the Dean's List at the State University and Technical Institute at Alfred, for the final quarter of the academic year.

Mr. Anderson, a business management major at the Alfred Institute, is the son of Mr. and Mrs. Howard Anderson of Accord.

He is a 1958 graduate of Ellenville Central School.

Five female tropical cuckoos may lay their eggs in the same nest, but only one stays to incubate or "baby sit."

Reds Plan East Germany by 1961 As Red Showpiece

GENEVA, Switzerland (AP)—The Soviet Union's main political aim in Europe now is becoming clear. It is to set up East Germany as a showpiece Communist state and Moscow's strongest continental ally by 1961.

The Soviets seem determined to obtain by 1961 a settlement dividing Germany indefinitely or reuniting the country but neutralizing it. That apparently is the significance of Foreign Minister Andrei Gromyko's proposal that the situation in Berlin be frozen by 18 months while a committee of West

and East Germans negotiate on reunification.

It is the considered Allied view that Soviet aid meanwhile will boost East German military and economic power in an effort to offset (1) any Allied moves to train and equip West German forces with nuclear weapons and (2) the attraction and power of the booming West German economy.

One big problem the Reds have been unable so far to solve is the possibility of an anti-Communist upheaval among the 17 million East Germans.

Allied diplomats have reached these conclusions after close study of Soviet strategy and plans at the foreign ministers' talks here months while a committee of West

OUR BOARDING HOUSE .. with .. MAJOR HOOPLE

BARBS

By HAL COCHRAN

Buying government securities tightens the bond between home and country.

Railroads continue to eliminate passenger trains. Maybe, some day, we won't be able to track one down.

Sharpening your lawn mower will enable you to cut the grass at a fast clip.

We've never been sure whether those bathing suits were Bikinis or Peekinis.

Why We Say..

TALK TURKEY

INDIAN BARGAINING: This expression, which means to get the facts and leave out the miscellaneous information, is traced back to early American dealings with the Indians. The Indians wanted to bargain for the various types of articles and sell many things, but the settlers were only interested in "talking turkey."

OFFICE CAT

Trade Mark Reg. By Junius

Success is speaking words of praise

In cheering other people's ways, In doing just the best you can With every task and every plan. It's silence when your speech would hurt.

Politeness when your neighbor's curt.

It's silence when your speech would hurt.

Politeness when your neighbor's curt.

It's deafness when the scandal flows.

And sympathy with others' woes.

It's loyalty when duty calls.

It's courage when disaster falls.

It's patience when the hours are long.

It's found in laughter and in song.

It's in the silent time of prayer, In happiness and in despair.

In all of life and nothing less We find the thing we call success.

—Author Unknown.

The hillbilly took the pen handed him by the hotel clerk and signed the register with an X. After a thoughtful pause, he drew a circle around the X.

Clerk—A lot of people sign with an X, but that's the first time I've ever seen it circled.

Ozarkian—Tain't nothing odd about it. When I'm out for a wild time, I don't use my right name.

Television has taken the entire home. Kids look at the screen all the time.

The teacher asked the child where the English channel was.

He replied, "I don't know, we

Barclay Heights News

By CAROLYN C. FRANCE

BARCLAY HEIGHTS—Major and Mrs. Robert V. Mitchell and five children of Grandview, Miss., were recent visitors at the home of Mr. and Mrs. John Driscoll of Stevens Court, Kings Village. Mrs. Mitchell is Mrs. Driscoll's sister.

Miss Mary Ryan of Bennington, Vt., was a guest last week at the home of her brother and sister-in-law, Mr. and Mrs. John Ryan of Mountainview Avenue.

Mrs. Girard McEntee of Hokus, and Mrs. Margaret Potter, of Ridgewood, N. J., were weekend guests at the home of Mr. and Mrs. Henry Schroeder Jr. of Overbaugh Street.

Mr. and Mrs. John Ossenni of Edgewood Drive, Windemere Heights, had as their weekend guests, Mrs. Ossenni's mother, Mrs. Tessie Cennamo, and Mr. and Mrs. John Tasso and son, Joseph of Brooklyn.

Mr. and Mrs. Donald Patterson of Mountainview Avenue entertained Mr. Patterson's parents, Mr. and Mrs. John Patter-

son, and his brother and sister-in-law, Mr. and Mrs. Lloyd Patterson of Waterford, Conn., last weekend.

Mr. and Mrs. V. Mecionis of Kalina Drive, Windemere Heights, were hosts to Mrs. Mecionis' cousins, Mr. and Mrs. A. Wahlberg and three sons, and Mr. Wahlberg's mother, Mrs. M. Wahlberg, of North Babylon, L. I., on Monday and Tuesday.

Mr. and Mrs. Daniel Sheehan and two children moved from Saugerties into their new home, 5 Edith Avenue, Dutch Settlement, Simmons Park on Thursday.

Force Airliner Down

VIENNA, Austria (AP) — Hungarian jet fighters forced a Belgian airliner carrying 55 persons to land in Communist Hungary Wednesday after it strayed off course during a storm.

The plane was allowed to continue its flight to Vienna after an inspection.

COMPANY DESIGNATED FOR GE LAMPS

—The appointment of the Kingston City Electric Supply Co. Inc. of 21 Grand Street, as distributor for General Electric Large Lamps, was announced Tuesday evening at a special dinner meeting of General Electric representatives and members of the local company at the Hotel Kirkland. Seated from left to right are Robert Schulz, district representative of General Elec-

tric of Albany; Joseph O'Connor, president of the Kingston City Electric firm; Norman Spinneweber, manager of the local company; Ralph Reed, retail sales representative of General Electric of Albany. Standing are: Fred Harder, Joseph Stein, William Miller, and Wilson Wright of the Kingston organization; Richard Cooper, industrial engineer of the General Electric of Albany. (Freeman photo).

No Snowman Yet

KATMANDU, Nepal (AP) — An American expedition has returned to Katmandu without finding the legendary abominable snowman and a request to the Nepal government to let them search for six more months. The search is being made by two brothers, Peter and Brian Byrne, with the backing of Texas oil man Tom Slick.

Hoffa Plans Big Voice During '60 Election Campaign

MIAMI, Fla. (AP)—James R. Hoffa says the Teamsters Union will make free use of radio, television and the mails in the 1960 election campaign "to let the American working man know just where all the politicians stand."

Hoffa, Teamsters Union president, said on a Miami visit that city directories throughout the country would be combed to compile a mailing list of 10 million persons.

"The rest of the people we'll reach by television and radio," he said.

Asked about the union's choice of candidates, Hoffa said it is too soon to say. Hoffa pledged Teamsters support of the steel strike, addressed the International Longshoremen's Assn. on the need for labor solidarity, and spurred Teamster efforts to organize Greater Miami workers on his flying visit from Washington Wednesday.

He said his men "won't go through any of their (steel strike) picket lines."

Would Outlaw Weapons

MANILA (AP) — Mayor Arsenio Lacson has proposed that bows and arrows and poison blowguns be outlawed from Manila. Four persons have been killed by such weapons recently in feuding in Intramuros, Manila's old Spanish section.

5½-Ton Shark Caught

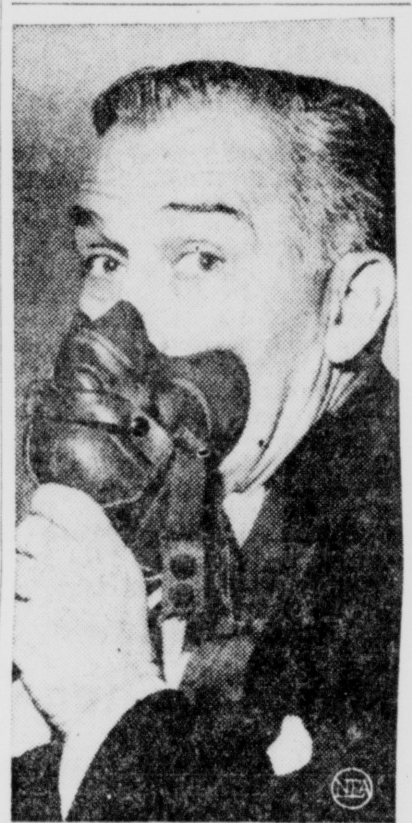

TOKYO (AP) — Radio Peiping reported today that fishermen in Shantung province caught a shark off the China Coast weighing 5½ tons.

Typhoon Strikes Red China Sector

TOKYO (AP) — Typhoon Billie struck Chekiang province on the Red China mainland today after causing extensive flooding and possibly seven deaths on Formosa, and one death and property damage in the Philippines.

More than a million mainland Chinese were frantically harvesting early rice, menaced with destruction, the New China News Agency reported.

In southern Japan the death toll from a week of torrential rains on the fringes of the typhoon rose to 45, with 75 hurt, 16 missing and nearly 1,000 homeless.

BREATHER—Howard Mitchell, conductor of the Washington National Symphony Orchestra, inhales oxygen during intermission at La Paz, Bolivia. It wasn't the quality of the performance that drove him to it. Rarefied air at 13,000 feet above sea level caused the breathing problem.

Rocket to Record Radiation Fails To Go 150 Miles

WASHINGTON (AP)—A 21-foot solar flare rocket hurled aloft from Point Arguello, Calif., to record radiation failed to attain its expected altitude of 150 miles.

The Naval Research Laboratory reported today that the Asp second stage of the two-stage Nike-

Asp combination apparently did not fire.

It said that after the Nike booster rocket dropped off a mile in the air the rocket coasted on only about 100,000 feet.

The cause of the failure of the second stage which would have sped the recording payload on to 150 miles was not determined.

Despite the rocket's failure to attain the anticipated altitude, the laboratory said much information about cosmic rays was obtained by the rocket's 50 pounds of instruments.

The rocket, launched Tuesday,

was the first of 12 solar flare probes designed to gather information about the flares—explosions on the sun—which sometimes blackout radio and wire communications.

Color Ads

Last year, more color ads appeared in daily newspapers than ever before. 1,000 daily newspapers in the United States and Canada, with a combined circulation of over 47,000,000 copies daily, now offer advertisers run-of-paper color.

Fronzizi Facing Loss of Officers If Aide Remains

BUENOS AIRES, Argentina (AP) — President Arturo Fronzizi today faced the prospect of a navy without most of its top commanders unless he fires his navy secretary.

Twelve admirals and a number of captains have applied for retirement to force the President's hand after he refused to dismiss Navy Secretary Adolfo Estevez.

The military has been waging intermittent warfare on Fronzizi's administration for weeks, charging that his government lineup is overrun with supporters of ex-dictator Juan D. Peron and Communists.

Says Air Space Violated

TOKYO (AP) — Peiping Radio said a U.S. Navy reconnaissance plane violated Chinese Communist air space today by flying over the Paracel Islands in the East China Sea.

STRANGE—With its odd, off-center dial, this watch may be perfect for people who think the morning drags while the afternoon just flies by. It was shown at a watchmaker's exhibition in Paris.

Hudson Hurler Pitches No-Hit, No-Run Game in BRL Play

Eckhoff Fans 19 for Saugerties; Kingston Nationals Gain Finals

The Dietz Stadium mazdas were burning brightly at 1 o'clock this morning and two brilliant Babe Ruth League teams—Hudson and Saugerties—were locked in 9-inning, 3-3 tie, when umpires Jack Gilligan and Eddie Palladino called a halt to the proceedings. Bill Eckhoff, Saugerties pitcher, struck out 19 batters.

It was a night of superb accomplishments for the junior baseball squads. John Hart of Hudson pitched a no-hit, no-run game to win a 1-0 decision over Joe Bushee of Wappingers in the completion of a suspended game.

The Kingston Nationals moved into Sunday's finals of the 3rd District tournament by trouncing the Kingston Americans, 8 to 3 behind the 4-hit pitching of Vince Smedes.

The Hudson-Saugerties contest will be resumed at 5 p. m. Sunday, the winner to face Kingston Nationals in the finals. The winning team goes to Amsterdam.

Eckhoff limited Hudson to three hits but the Columbia County tossers managed single tallies in three different innings. They tied the score in the fourth and Eckhoff and Tom Tiano battled scorelessly through the last five innings.

Mike Dodig, Saugerties first baseman, was the leading sticker with three singles. Eckhoff had a pair and Len Martin and Andy Jacobs also hit two singletons for Saugerties. Tiano doubled for Hudson.

Smedes Hurls Win
Vince Smedes and Rich Sickler of the Nationals stopped the Americans on four hits in the intra-city rivalry.

The Nationals, sparked by Richie Sickler's home run and a single and triple by Mike Ferraro, went ahead 4-3 at the end of three innings. They picked up a single tally in the fifth and finished with a three-run flourish in the seventh.

Bill Murphy went the route for the Americans, giving up seven hits and striking out nine. Frank Allen clubbed two singles for the losers.

Hudson clung to a 1-0 lead against Wappingers as Hart struck out nine and was never in trouble. He also tripped to drive in the winning run.

Yesterday's Stars

By THE ASSOCIATED PRESS
Pitching — Don Drysdale, Dodgers, stopped Los Angeles' lead at three games with a three-hitter that beat the Pirates 3-0 and regained second place.
Hitting — Johnny Temple, Reds, drove in four runs, doubling home three in a clinching five-run fourth inning in 11-5 victory over the Cardinals.
More U. S. women are marrying at age 18 than at any other age today.

Killebrew Has Nine Game Lead

By ED WILKS
Associated Press Sports Writer

On a rainy afternoon in Mid-March Harmon Killebrew shrugged and said, "I think I may be able to hit better if I can hang on long enough to get a good look at the pitchers."

Four months later, on a rainy night in mid-July, Harmon swung and put himself nine games ahead of Babe Ruth's record 60 home run pace.

That shot Wednesday night was Killebrew's 31st, tops in the majors. It touched off a 3-0 victory over Detroit that pulled the Washington Senators past the Tigers into fifth place in the American League.

The game, held to five innings by rain, was the Nats' 85th. Ruth didn't hit No. 31 until his New York Yankees were in their 94th game when he set the record in 1927.

Rookie Bob Allison drove in the other Senator runs with a pair of doubles, while Camilo Pascual, winning 10 for the first time in the majors, put the Tigers away on one hit. Jim Bunning was the loser.

It was the only AL game played. The others were rained out.
In the National League, Los Angeles jumped past Milwaukee into second place, a game behind rain-idled San Francisco, with a 3-0 victory over Pittsburgh on Don Drysdale's three-hitter. The Chicago Cubs beat Milwaukee 5-2. Detroit beat St. Louis 11-5. Cincinnati rapped St. Louis 11-5.

M. Rienzo Slams 633

Mike Rienzo hammered games of 202, 220 and 211 for 633 to pace Ferraro Summer Mixed league keglars last night.
George Shufeldt fired 204-212 205-621 and George Magley decked 222-607.

Ethel Henderson rolled 472; Les Elms 520, Don Sickler 213-511, Jo Brandow 422, Lou Barnes 462, Anne Kinn 428, Larry Peterson 534, Joan Setera 476, Don Herdman 521, Betty Fellows 401, Sis Balash 482, Jack Hines 201, Terry Beckert 484, Chris Gallop 469, Shirley Carpino 551, Rose Schatzel 546, Stan Harris 211, Bill Rice 235-531, Marge Van Horne 416, Ed Thomas 211-524, Jeanne DuBois 415 (first 400); Abe Smith 200, Betty Monashelsky 443, Bob Jones 213-555, Fred Kurtzweg 508, Don Bell 215-506, Nick Nagale 534, Ray Hendricks 202-538, Mickey Hendricks 417, Pat Ausanio 418, Joe Ausanio 528.

Team results: Aiello's Restaurant 2, Gov. Clinton Market 1; Wilbur Fuel 1, Rienzo's Delicatessen 2; Brandow 3, Hayes Lincoln-Mercury 0; DeLuca Cleaners 0, TP Tavern 3; Laurel's Beauty Shop 1, Stage Restaurant 2; Bomer's Gulf Station 1, Stuart's 2; Bob Steele's Auction 1, Cedar Rest 2; Rice's 2, Four Knights 1; Gov. Bill Short Defeats Miami; Checks Jinx; Gains 12th Win

By THE ASSOCIATED PRESS
It figured that Richmond Manager Steve Souchak had to go with left-hander Bill Short to break that Miami jinx.
And the Port Ewen, N. Y. native didn't fail him. He gave Miami only four hits in seven innings for a 2-1 victory Wednesday night. The loss dropped the Marlins to two games behind front-running Buffalo in the International League, as the Bisons whipped Montreal 6-4, ending the Royals' winning streak at six.
Rochester defeated Toronto 3-2 in the first game of a double-header but lost the nightcap 14-6. Havana dropped into last place, losing to Columbus 3-2.
Short now has a 12-1 record, his only loss a 1-0 heartbreaker to Columbus May 10, his last start before beating Miami.
Cletis Boyer and Frank Leja's homers scored Richmond's runs with Johnny James pitching the last two innings when Short tired.

Sugar Ray Robinson
PUNCHING THE WINDBAG?—Sugar Ray Robinson, defrocked of his middleweight title by the National Boxing Association, but who says he is still champion in several states and Europe, punches the bag in a New York gymnasium.

Little LEAGUERS

Ken Baker Loses 0-Hitter in 6th

Ken Baker of the Masons was on his way to a no-hit, no-run game for five innings in the American Little League Wednesday, when, all of a sudden, the roof fell in.
The Lions poured five runs across the plate before the spunky Mason pitcher was able to get the third out and salvage a 6-5 victory for his team.

Baker yielded five hits during that flurry. He walked one batter and struck out 10. The winners rallied for four runs in the bottom of the fifth and had seven hits off Ken Heppner and Frank McGowan. They had to push across a run in the last inning, to win. Dale Brown of the Masons was the leading hitter with a single and double. McGowan and Baker hit doubles.

Lions 000 005-5
Masons 000 141-6-7
Ken Heppner, Frank McGowan and Joe Amendola;
Ken Baker and Dick Frasch.

Braves' Six-Run First Wins Game

Canfield Electric Braves scored six runs in the first inning and went on to defeat the Shults Paint Indians, 9 to 4, in the National Little League.
Richie Kelder, the winning pitcher, blanked the Indian until the fifth when they scored all their runs. He struck out six and walked five, giving up four hits.

The Braves collected nine hits off the combined offerings of Vince Fisher and Jim Williams, with Kelder helping his own cause with a double and single. Joe Nalepa also hit a double and single and Wayne Corkery picked up two singles.
Marshall Suckie stroked two singles and Pete Bonavita a double for the losers.

Indians 000 040-4-4
Braves 000 11x-9-9
Vince Fisher, Jim Williams and Pete Bonavita; Richie Kelder and Ed Mills.

Largest Striper

CUTTYHUNK, Mass., (NEA) —Trolling off Cuttyhunk, Nathaniel Gifford of New Bedford landed a 62-pound striped bass, measuring 54 inches with a girth of 29. It is the largest striper of the season.

Most Valuable

EAST LANSING, Mich., (NEA) —Tom Wilson, Michigan State junior quarterback, was selected as the most valuable varsity player in the 1959 Old-Timers' game.

Settled Pitching Staff Big Factor in Dodgers' Drive

By ED WILKS
Associated Press Sports Writer

A suddenly settled pitching staff has made a National League contender out of the Los Angeles Dodgers.

The mainstay of the crew is Don Drysdale—the guy who got 'em started, the guy who's done the job as a starter or in relief, and the guy who's been their stopper.

The Dodgers began their run a month ago, when they were in fifth place. They've won 19 of 29 since and it all began with Drysdale's four-hit shutout over then first-place Milwaukee.

The cross-firing right-hander has lost only one since—that controversial one-hitter by San Francisco's Sam Jones.

Drysdale won his sixth in the Dodger surge Wednesday night, stopping their skid at three games with a three-hitter that beat Pittsburgh 3-0 and jumped Los Angeles back into second place.

The Dodgers again are within one game of the first-place Giants, led by rain, and have a .002 percentage point edge over the Braves, who slipped to third with a 3-2 defeat by the Chicago Cubs.

Reds Rap Cardinals
Cincinnati rapped St. Louis 11-5 in the other NL game.

Rain postponed all but one game in the American League. Washington won it, 3-0 over Detroit.

Sophomore Glen Hobbie (10-7) pushed his career record to 5-0 over the Braves with a five-hitter. He also singled home the run that clinched it when the Cubs scored twice in the fourth against loser Carl Willey (4-4) for a 3-1 lead.

Frank Robinson of the Reds took the National League run-batted-in lead with 85, one more than the Cubs' Ernie Banks, with a two-run homer and a sacrifice fly.
Johnny Temple drove in four runs, with a double and sacrifice fly, for the Reds, who had 17 hits—five by Gus Bell. Rookie Jim O'Toole (2-2) won it with Brooks Lawrence's save. Wilmer Mizell (10-4) was the loser.

Passer Rolls 590 in Classic
Frank Passer wrapped 192 and 168 around a middle 230 to pace the Bowlero Classic league with 590.

Monty Williams fired 200-514. Warren Wood 530, Ed Cherry 506, Paul Khedrian 520, Les Havens 505, Tracy Jordan 555, Charles Manfro 542, Ed McCullough 234-520, Frank Weishaupt 523, Ray Sarkis 507, Fred Zimmerman 209-514.

Team points: Wilbur Fuel 4, Spring Lake Roller Rink 0; Elston's Sport Shop 3½, John Hancock Ins. ½; Cherry Hill Rest 3, Ret Williams Texaco 1; Quality Markets 3, Papilo Pies 1; Avell's 3, Ebel's Market 1; Rapp's Express 0, Bert Bishop, Inc. 4.

Mrs. de Lisio Will Play In Sarazen Exhibition

Mrs. Anthony J. (Wiggie) de Lisio of Woodstock Country Club has been named to the foursome which will feature Gene Sarazen, golf immortal, in the Sunday, July 19, exhibition at Woodstock Country Club. Mrs. William D. (Chris) Harris, Twaadskill champion, and J. Carson Hutchins, Woodstock pro, complete the foursome. Mrs. de Lisio is the Woodstock and St. Petersburg (Fla.) Sunset Country Club champion. The exhibition is for the benefit of the Catholic churches—St. John's of West Hurley, St. Joan of Arc, Woodstock, and St. Augustine's. Tickets will be sold at the golf club. (Freeman photo)

Defending Champ, Jack Sikes Paces National Publix Golf

DENVER (AP) — Defending champion Dan Sikes Jr. of Jacksonville, Fla., and 15 other hopefuls faced third round fees today in the National Public Links golf tournament.

Sikes' opponent was Leonard Pietras of Toledo, Ohio. Don Essig III of Indianapolis, the 1957 champion, tangled with Randy Petri of Austin, Tex.

Other third round tests over the 5,617-yard, par 71 Wellshire Municipal course sent William McCool of San Francisco against Hugh Farmer of Toledo; Jack Zimmerman of Dayton, Ohio, against Gene Towry of Dallas; Cliff Brown of Cleveland against Frank Campbell of Jacksonville, Fla.; Bill Tindall of Seattle against Don Kristofitz of Fargo, N.D.; William Wright of Seattle against Wallace Smith of Pontiac, Mich., and Raymond Massey of Miami, Fla., against Gene Dahlbender of Atlanta, Ga.

Survivors of the morning round squared off in the afternoon quarterfinals.

Two Close Matches
Sikes squeezed by two opponents

By THE ASSOCIATED PRESS
SARATOGA SPRINGS, N. Y. (AP)—The city and county have contributed \$1,000 to finance a day at the races for the state's 202 legislators. The purpose is some outdoor lobbying to protect Saratoga's exclusive horse-racing dates.

Mayor Addison Mallory said Wednesday night the city and county governments each had contributed \$500. More will be sought if necessary, he said.

Invitations have not gone out yet. But at least one prominent lawmaker says he probably won't go.

Mallory called a meeting today of his "Watchdog Committee," set up to protect the interests of the famed flat track here.

The committee was to make plans for issuing the formal invitations to the legislators. No date for the visit has been set. The Saratoga season opens Aug. 3 and closes Aug. 29.

Mallory said he hoped the legislators would be impressed by improvements made at the track under the exclusive racing-date policy and the importance of the track to the area's economy.

The issue is Saratoga's fear that it will lose its exclusive dates. State law guarantees Saratoga the month of August. That means other thoroughbred tracks in the state cannot operate then. Tracks in the New York City area complain they are required to keep multi-million-dollar plants idle at the height of the tourist and vacation season.

Needs New York
Saratoga draws heavily on New York City area patronage. Should a major downstate track be allowed to operate in competition, it would mean a big drop in patronage here.

It was reported early this year that Gov. Rockefeller planned to ask the Legislature to allow simultaneous racing at Saratoga and in New York City.

The governor did not make a formal request, however. It was reported unofficially that he had changed his mind at the urgings of sportsmen who cited Saratoga's historic role in thoroughbred racing.

State taxes on pari-mutuel betting would increase if the extra racing were allowed in New York City.

Assembly Speaker Joseph Carlino, reached at his home in Long Beach, said he did not see anything wrong with legislators accepting the Saratoga invitation.

He said that he probably would not go, though, because he had too much to do, and anyway "I don't have to go up to Saratoga to understand their problems."

He added that he probably would side with Saratoga should any attempt be made to end its exclusive racing dates.

State Women's Champ Has First Round Win

Assign Maximum Handicap for Adios Oregon

By THE ASSOCIATED PRESS
Adios Oregon, undefeated this season, goes into the \$64,457 William H. Cane Futurity Pace at Yonkers Raceway tonight with the maximum handicap.

The horse has been assigned the No. 15 post position for the race, which is the first of the pacing triple crown. Fourteen other 3-year-olds are also entered for the mile and one-sixteenth dash.

Import Freight, assigned No. 2 position, and High Walter, starting from the No. 3 spot, are rated as Oregon's chief rivals.

Wednesday night's featured pace was won easily by Mocking Byrd, which went the mile in 2:04 1-5 and paid \$28.90 for \$2.

Jan Hanover, guided by Billy Houghton, set a track record for 2-year-old fillies at Buffalo Raceway in winning the \$12,111 Reynolds Memorial Stake for 2-year-old fillies. Her time was 2:04 4-5 for the mile pace. She paid \$3.10.

Romola Hanover and Countess Adios finished second and third, respectively.

Three Drivers Hurt
Three drivers were injured in two pileups during other races at the track. Harry Miller of West Alexandria, Ohio, was reported in fair condition in a hospital where he was taken with chest injuries. He was celebrating his 69th birthday. Don Corneau suffered a possible broken leg and John Schroeder sustained ankle injuries.

The season's highest daily-double payoff at Monticello Raceway, \$296.60, was racked up by the victories of Avalon Hanover and Joe's Girl in the first and second races. S. S. M. won the featured handicap trot with a 2:08 mile and paid \$16.10.

At Saratoga Raceway, Mr. Emlen and Victory Lind won the two divisions of the \$4,500 Utica Pace. Mr. Emlen won by a head over Goin To Town in a 2:04 2-5 mile and paid \$8.70. Victory Lind, a heavy favorite, ticked off the mile in 2:05 2-5 and paid \$2.40.

Sampsonette gained victory by a head in 2:05 1-5 in the featured mile pace at Vernon Downs and paid \$3.20.

Orioles Trounce Cards in Minor

Orioles of the Jaycee Minor League trounced the Cardinals, 13 to 9, in four innings. Bob Buchanan scattered eight hits for the Orioles and fanned six.

The winners had eight hits off Bob Barogin and Glenn Davis, including a double and single by Bob Millham, two hits each by Buchanan and Jack Cline and a two-bagger by Jim Meyers.

Brian Minasian led the Cardinals with a double and single and Glen and Bob Davis produced two singles apiece.

Orioles 436 0—13 8
Cardinals 102 6—9 8
Bob Buchanan and Bob Millham; Glen Davis, Bob Barogin and Tom Schoen.

Contkosky Hurls Third I-Hitter

By THE ASSOCIATED PRESS
Bob Contkosky (9-5) pitched his third one-hitter this year in the Eastern League Wednesday night as Williamsport blanked Springfield 2-0 in the nightcap of a doubleheader after dropping the opener 7-2.

Contkosky faced only 27 batters. He set down the first 18 men in order. Then Matty Alou, the newest member of the club, led off the Springfield seventh with an infield hit.

In the opener, Springfield sent five runs across in the sixth to back the three-hit pitching of Jim Myers (10-7).

Allentown defeated York 7-2 to move to within three games of the league-leading Grays; Binghamton beat Albany 7-4 and Lancaster trounced Reading 20-11.

Al Antinelli wracked up his 13th win of the year as Allentown made it three straight over York.

Binghamton hammered Albany pitching for 15 hits, including three doubles, a triple and homers by Tom Tresh and Leroy Thomas.

Lancaster pounded out 24 hits off three Reading pitchers, including five home runs, three triples and two doubles, and scored in every inning except the eighth.

LAKE PLACID, N. Y. (AP)—

Mrs. Harry Nevil of Coopers-town, the defending champion, moved into the second round of the New York State Women's Amateur Golf Tournament today after clearing her first hurdle with little difficulty.

Mrs. Nevil defeated Mrs. A. L. Sayles of Schenectady, 3 and 2 Wednesday in first-round action over the 6,445-yard course at Whiteface Inn.

In a clash of former champions, Mrs. Bruce McGhie, the 1951-52 titlist, upset the 1953 champion, Mrs. Maxon Berger of Eggertsville, 2 and 1.

Mrs. Virginia Allen of Syracuse, state champion in 1941, handily defeated Gayle Terwilliger of Snyder, 5 and 4.

Mrs. Torgerson Loses
One former champion, Mrs. Reinert Torgerson of Forest Hills, was dropped, 1 up. Her conqueror was Miss Barbara Marrs of Glens Falls. Mrs. Torgerson was champion from 1946 to 1950.

Sixty-two ladies are entered in the match-play tournament, which is divided into four flights. The tournament runs through Saturday.

Other results in the championship flight yesterday:
Mrs. George Trainor, Rochester, defeated Mrs. Roy E. Burris, Schenectady, 1 up, 19 holes.

Miss Patricia Tiernan, Manhas-et, defeated Mrs. James Thomas, Loudonville, 1 up.

Miss Marcia Knapp, Waverly, defeated Miss Sylvia Maurycy, Schenectady, 3 and 1.

Gail Purdy, Glens Falls, defeated Mrs. Pat Cici, Long Beach, 2 and 1.

The Weather

THURSDAY, JULY 16, 1959

Sun rises at 4:32 a. m.; sun sets at 7:31 p. m., EST.
Weather: Mostly fair.

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 66 degrees. The highest figure recorded up to noon today was 78 degrees.

Weather Forecast

GENERALLY FAIR

Southeastern New York — Continued warm and rather humid with mostly fair weather through Friday, except considerable cloudiness extreme south portions and chance for isolated afternoon and evening thundershowers. High today and Friday in 80s, except upper 70s extreme south portion. Low tonight 38-45. Winds variable and mostly under 15 throughout.

Western New York, Northern Finger Lakes to Lake Ontario, East of Lake Ontario, Black River Basin—Mostly sunny and more humid today. High temperature 85-90. Chance of isolated thundershowers in the area late today or tonight. Low tonight in the 60s. Sultry air and afternoon or evening thundershowers Friday, high near 90. Variable winds mostly southerly under 15 throughout.

Northern New York, Western Mohawk Area and South-Central New York—Continued warm and rather humid with mostly fair weather through Friday, except a chance for isolated afternoon and evening thundershowers. High today and Friday in 80s. Low to night 55-65. Winds variable and under 15 throughout.

Ulster Park

ULSTER PARK—The Town of Esopus festival week began last Sunday with a homecoming service in the Dutch Reformed Church. There was an attendance of 175 persons. Members of the Reformed and Methodist churches of Port Ewen, the St. Remy Reformed Church, Union Center Community Church, Esopus Methodist Church and the West Park Episcopal Church were among the congregation. Guest ministers assisting were the Rev. Robert Baines and the Rev. Joseph Carlin. Mrs. Charles Benton of Port Ewen was guest soloist. Dr. Gerard B. Gnade of New York City preached the sermon. At the close of the service the Women's League of the Church served refreshments on the lawn.

Last Saturday afternoon, Chester Graves of Kingston was united in marriage with Mary Lou Urlacher of Tillsen at the home of the Rev. Herbert Killinder, Ulster Park. Attendants were Helen Lane of Tillsen, and William R. Robinson of Stone Ridge.

Mr. and Mrs. Arthur Torjeson of Brooklyn were recent guests of Mrs. Torjeson's parents, the Rev. and Mrs. Herbert Killinder. Mrs. Ruth Cole is spending some time with her brother and family in Buffalo.

Mrs. Marguerita Viglielmo of New York City is visiting Mrs. George Villielm Sr.

Miss Jackie Arff of Ballston Spa has returned to her home after visiting with Margaret Gendreau.

Miss Irene Sahler is visiting her brothers and their families in New Jersey.

"Basket Cups"

Spaniards named the New Mexican Jicarilla Apache Indians because of their proficiency in making little baskets suitable for drinking cups.

AERIAL FLOATER—Amphibious passenger craft intended to fly on cushion of air rests on Switzerland's Lake Zurich. Bow intakes divert air downward for lifting power.

Wiltwyck Firemen Back Sprinklers For All Schools

Wiltwyck Hose & Truck Company No. 5, in a recent letter to the education board, backed the stand of the Veteran Volunteer Firemen's Association in recommending fire protective sprinkler systems in all local schools.

A resolution backing the proposal, it said, was unanimously adopted by the Wiltwyck Company.

"This matter," said the letter, "should be a must for all safe thinking citizens. Let not your neglect be the cause of our children and future citizens becoming human torches or maimed by a disastrous fire."

It held that "regardless of how fireproof a building may be, there is always something that will burn. This has been proved. Let's take the proper action now, and not wait for something to happen. An ounce of prevention is worth many pounds of cure. It is far more important to save lives, and not money. Let us protect our young people of today so they may have a safe tomorrow."

The Veteran Volunteer Firemen's Association backed Fire Chief James M. Brett in his drive to have sprinklers installed in the schools. Brett has been critical of the education board and Dr. Earl F. Soper, school superintendent, for their failure to agree with him in his bid for full sprinkler system coverage of the schools.

The chief, in a recent statement, strongly rebuked the claim from a high state source that sprinklers were not needed in fire resistant school buildings.

Highland

HIGHLAND—Mr. and Mrs. George Royer and son, Kenneth, moved last week to their new home at Yorktown Heights. Mr. and Mrs. Royer came here over a year ago and have occupied an apartment on the North Road.

Mrs. Clarence Rathgeb and Mrs. Mildred Percy attended the "Open House" day at Old Hurley Saturday.

William Thompson, Rochester, was in town recently. He is the son of Mr. and Mrs. Albert Thompson, and a former resident.

Mrs. George Allheusen and daughters, Sharon, Donna and Christie, of Cayuga, arrive Saturday to spend a week with her parents, Mr. and Mrs. Luther Filkins.

Mr. and Mrs. Egbert Van Wagner, Caldwell, N. J., spent Saturday with G. Hallock Mackey.

The U. D. society voted to place one of its knit afghans in the Central Hudson window displays in connection with the Hudson Champlain celebration. The society, organized in 1896, has accomplished many helpful deeds. These afghans go to veterans in hospitals or TB sanitariums and they have knit 144. In the absence of president and secretary Mrs. Joseph Mellor and Mrs. Peter Weyant were acting officers. Attending Saturday were Mrs. Charles Champin, Mrs. Alfred Lane, Mrs. Harry Thompson, Mrs. Franklin Welker, Mrs. L. A. Smith, Mrs. Fred Wilkow, Mrs. Mellor, Miss Rowena Harcourt, Mrs. Weyant and the hostess, Mrs. Abram Rhodes.

Mrs. Clarence Rathgeb is visiting the Rev. and Mrs. Devello S. Haynes, Marion and at the home of her brother, Mr. and Mrs. Andrew Squiers, Sherburne.

Joseph Bowman, master, is chairman of the auction to be held Saturday at Highland Grange hall. There will be a baked goods sale. The annual clam bake will be held by the Grange on Aug. 1. Mr. Bowman has charge of the ticket sale. The service and hospitality committee is in charge.

Mr. and Mrs. Francis G. Lenney left Monday for a visit at the home of Mrs. Lenney's sister, Saybrook, Conn.

Dr. Carl F. Meekins and son, Robert, leave Saturday on a vacation cruise into Lake Champlain. Over the recent holiday they went down to Long Island Sound and visited Dr. and Mrs. Jack Meekins at Hicksville. With her brother and Mrs. C. B. Carpenter, Mrs. Meekins drove to Rockport, Mass.

Mrs. Dona R. Haight, Albany, spent this week with her sister, Mrs. Elizabeth Raymond.

First postage stamp was issued on May 6, 1840. It was the famous one-penny black of Victorian England.

Rain Pattern Stays in East

By THE ASSOCIATED PRESS

Persistent rains which have dampened much of the Eastern section of the country this week didn't appear letting up much today.

Showery and cloudy weather continued through southern New England to the New Jersey coast during the night and early morning. More rain was expected along the mid-Atlantic coast while inland the outlook was for scattered showers and thunderstorms from New England southward to the Virginias.

Showers and thunderstorms were indicated during the afternoon and evening from Florida and the Carolinas westward across the Gulf states and the southern Ohio Valley to the southern and central Rockies.

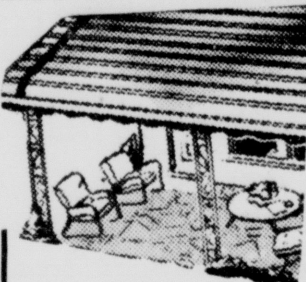

The same forecast was for the central Plains and the Dakotas. But sunny skies were the rule again in most of the Great Lakes region, the northern Rockies and the Pacific Coast region.

Driver Fined \$10

Lawrence Cody, of 19 Ann Street, was found guilty of a speeding charge after city court trial today. City Judge Aaron E. Klein imposed a \$10 fine.

Great Salt Lake contains about nine islands, the longest of these being 16 miles in length.

About 85 per cent of the total cheese supply of the United States is produced by ten states.
